THE ALUMNI MEETING

Words can hardly express the satisfaction that was evident with the return of the great body of alumni to participate in the annual meeting on Monday, June 10. The officers and all members interested in the success of the Association were gratified with the attendance, program, and old friendships that were renewed on this occasion. When one sees faces that have been absent for as long a period as thirty years one cannot help but be impressed with the "pull" and sentiment that surrounds returning to the place that gave us a start in life.

All of the two hundred-odd alumni that gathered in the assembly hall on Monday morning deeply regretted the fact that President Mitchell, owing to a death in the family, was unable to be present. Vice-President Diggs, however, conducted the meeting in excellent style.

The feature of the meeting was an address by Mr. Daniel L. Grant, director of the Alumni Loyalty Fund at the University of North Carolina, Chapel Hill, North Carolina. Mr. Grant made a very able presentation of the fundamental facts surrounding the relationships that should exist between alumni and their respective institutions. He emphasized the continuation of mutual relationships, pointed out the duties of an Alma Mater and brought home to many alumni the possibilities for mutual constructive effort in the future.

All members of the Association participated in the various functions of the program ending with a brilliant Ball at night. We believe that all will agree that it was one of the most successful alumni celebrations that has ever been held by the University.

Let us all determine to do our part in furthering the development of the Association and renew our resolutions to make Alumni Day at the Institution an occasion to which we will all look forward with pride and pleasure.

-log-

T.B.S.

Activities On Alumni Day

LARGEST NUMBER OF ALUMNI EVER TO CONVENE AT UNIVERSITY
MADE MERRY AND ENJOYED THEMSELVES ON
THE CAMPUS JUNE 10

One of the most pleasant and most successful alumni convocations was held on the campus June 10, as over two hundred members of the Association will testify. The program for the day opened with a meeting of the Alumni Association at 10 o'clock, to which the members of the graduation class were invited. Probably the two most outstanding features of the meeting were the splendid talk by Mr. D. L. Grant of the University of North Carolina faculty, and the beautiful testimonial presented to H. C. (Curley) Byrd, in recognition of his work for and loyalty to the institution, by the members of the Association. The committee, which was authorized by the last regular meeting of the Association to select and obtain such a gift, did a fine piece of work with Senator M. E. Tydings as chairman. The testimonial, consisting of a magnificent silver service and present to Mr. Byrd by Senator Tydings who outlined the many features in the development of the Institution in which Curley has taken part. Mr. Byrd acknowledged the testimonials in very fitting words and expressed the hope that he would in time deserve all the nice things said about him by Senator Tydings.

Dr. T. B. Symons in his report as secretary-treasurer of the Association summarized the work of the organization during the past year, pointing out the careful and determined effort that is being made to systematize the work of the Association and reach everyone. He showed that there are now 1,600 names on the roll of the Association which are distributed among 34 States and 8 foreign countries. The number of payments at that time, it was pointed out, is 503, which represented 480 persons, the balance being dues paid for future years. At this time the Association adopted the proposal to make the dues \$2.00 for everyone except the graduating class, which would be admitted free. In the case of the very excellent group meetings which have been held throughout the year by alumni Dr. Symons pointed out that it might be wiser in the future to hold sectional dinners such as these instead of an annual banquet in Baltimore. It was reported that the total receipts for the year were \$1,826.82, total disbursements \$887.60 which left a balance on hand of \$939.22.

In the absence of President Mitchell the meeting was ably carried on by the Vice-President, Mr. Diggs. Mr. Diggs read Mr. Mitchell's report, which included a discussion of the activities of the Association for the past year. He especially emphasized the pleasant relationship between the alumni of the Baltimore and College Park Schools. The progress of the beautification work of the campus was pointed out and Mr. Mitchell stated that plans have been made for the Association to have permanent headquarters in the old Rossburg Inn.

Mr. Charles Linhardt reported on the Special Membership Committee

8. Thermophilic

[illegible]

and Mr. H. C. Byrd gave a report on the development of athletics at the Institution, explaining the fine plans that are to be carried out in making the athletic facilities of the school the best possible.

The following officers were elected for the coming year: President, H. C. Whiteford; Vice-President, C. W. Cole, and Secretary-Treasurer, T. B. Symons. The Alumni Board will have on it for 1929-30, R. V. Truitt, Arts; Sarah Morris, Home Economics; Richard Dale, Engineering; D. J. Howard, Education and Kenneth Grace, Agriculture.

Luncheon at 12:30

After the meeting the members of the Association had luncheon with the graduating class in the University Dining Hall. More than 350 alumni and friends were present when the crowd was seated at 12:30. The feature of the luncheon was the address by President R. A. Pearson. Dr. Pearson congratulated the members of the Association upon their work, expressed the appreciation of all at the Institution for the return of so many alumni, pointed out developments that have taken place and explained plans for the future of the Institution at College Park and in Baltimore. "Rosy" Pollack, president of the "M" Club, presented the insignia to those students who had won them in spring sports.

Much interest was manifested in the Ivy planting ceremony which followed the luncheon. Ivy was planted at the base of the walls of Sylvester Hall.

The Senior play, "The Show Off" was given to a "packed house" in the auditorium between three and five in the afternoon and proved a great success. A great deal of credit is due the members of the Senior class for putting on such well acted and high class form of entertainment. We wish to congratulate each member of the caste.

Evening's Entertainment

In the evening there were a number of dinners by individual classes and later dances by the various sororities and fraternities as well as the one and only June Ball in Ritchie Gymnasium that a very large number of the alumni attended. Incidentally we might mention here that the work on the part of the fraternal organizations in entertaining their alumni showed a fine spirit and we hope that in the future this will be increased so that eventually a real "June Week" can be established at the University.

Altogether the day was one long to be remembered and everyone seemed reluctant to leave. The spirit and number attending was exceedingly encouraging and pointed to a real future for the Alumni Association of the University.

-log-

PHILADELPHIA ALUMNI DESERVE CREDIT

One of the features of alumni day was the enthusiastic response of the Philadelphia members. Led by John P. Mudd, more than fifteen members journeyed from the city of Brotherly Love to take part in the festivities. Among these were: W. D. Bartlett, '25, P. R. Barrows, '11, John P. Mudd, '07, W. C. Ralph, '04, Harry Howard, '97, J. H. Harlow, '23, G. R. Richard, '28, H. S. Ford, '14, H. D. Eman '98, Helen G. Beyerle, '27, Laura Betty Amos, '26, N. L. Warren Jr., '08, C. H. Harper, '07, A. M. McNutt, '06.

This certainly is a fine turnout for a locality so far from headquarters and shows that the rest of us have some competition.

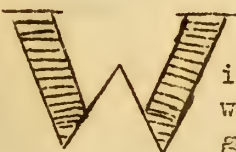

Other classes that turned out in creditable numbers are given in the personal items in the last three pages of the Log.

ATHLETICS

A RESUME OF THE SPORTS AT THE UNIVERSITY FOR 1928-29

By W. H. Hottel

sports.

With notable triumphs in football and lacrosse and with more than 50 per cent of the total of varsity games placed on the right side of the ledger, Maryland can easily be said to have had a good year in

-log-

Football victories included those over Yale; Virginia in the Homecoming clash, Hopkins in the final and others. Hopkins along with Army were numbered among the lacrosse victims. Hopkins also fell prey to the Old Liners in track. The teams split even in basket ball.

-log-

Track, in which the Maryland team was in the process of rebuilding, and the baseball nine, which lacked pitching power, were the only two combinations to have bad seasons. And they did well under the circumstances.

-log-

Bill Evans, out home, led the country in lacrosse scoring, registering 40 goals in Maryland's 11 games and counting in every contest. Julie Radice, second baseman, led the Tri-State Baseball League of the Southern Conference in batting with an average of more than .400.

-log-

Maryland will lose only a total of fifteen letter men from the football, basketball, track, lacrosse and baseball squads so that the outlook for 1929-30 may be considered bright. The freshmen material was well above the average and all the teams should profit by recruits from the yearling aggregations.

-log-

The football schedule reads as follows: Sept. 28, Washington College at College Park; Oct. 5, North Carolina at College Park; Oct. 12, South Carolina at College Park; Oct. 19, Gallaudet at College Park; Oct. 26, Va. Military Inst., at Richmond, Va.; Nov. 2, U. of Va. at College Park; Nov. 9, Yale at New Haven, Conn.; Nov. 16, Va. Poly at Norfolk, Va.; Nov. 28, Johns Hopkins in Baltimore Stadium; and Dec. 7, Western Maryland in Baltimore Stadium. Charlie Fenwick will be back in the fall to help

Curley with the gridders.

-log-

Curley Byrd has a happy "family" of assistants in athletics and he has taught them that when you play such difficult schedules as Maryland undertakes in all sports, you must expect to take your lickings as well as your victories and come up smiling in each instance always.

AMONG OURSELVES

SOME OF THE ALUMNI SEEN ON THE CAMPUS ALUMNI DAY, JUNE 10

Right here and now we would like to say that W. D. Groff, '00 deserves the congratulations of every alumnus of the University. ("Bill") has hung up a record indeed. He has not missed one alumni meeting since graduation and it has not been because he has been close to the University either as he lives in Baltimore County. Let's all make resolutions to establish records such as this in the future.

-log-

It was mighty fine to see two members of the class of '94 present. ("Senator") Charles W. Cairnes and Dr. F. B. Bomberger. Incidentally Dr. Bomberger's son Lawrence got his Bachelor's degree in Civil Engineering this commencement. "Senator" Cairnes is now retired but was with the U. S. Coast Guard Service.

-log-

E. W. ("Pete") Stoll, '04, was on hand for the festivities for the first time since the war.

-log-

T. B. Mullendore, '04, returned for the first time since his graduation. He is a bond salesman in Buffalo, N. Y.

-log-

George W. ("Rabbit") Cairnes, '03, returned for the first time in ten years. George has been with the Coast Guard Service ever since his graduation.

-log-

Pearce Prough, '95, was on hand and still insists that he did not make a touchdown for the enemy in the fall of 1893, though he admits that he did carry the ball sixty yards in the wrong direction. Pearce has been farming in Carroll County since graduation.

-log-

Henry Holsapfel Jr., '93, attended the dinner and dance and was on hand to see his two sons, Henry and Mac, receive their degrees on Commencement Day. A record to be proud of.

-log-

We were mighty glad to see Harry Heward, '97, back on the campus for the first time since his graduation. "Dick" is in the sea food business in Philadelphia.

-log-

C. J. ("Journey") Queen, '97, left his Sergeant's desk in Flatbush, Brooklyn, N. Y., long enough to look over the old school again. He and Heward seemed glad indeed to see each other once more.

-log-

As usual the members of the class of '08 showed their loyalty to their school by having their annual business meeting in "Curley's" office.

REVUE DE LA BIBLIOTHEQUE

18

Those on hand were: Reuben Brigham, L. B. Broughton, H. C. Byrd, H. B. Hoshall, E. I. Oswald, W.A. S. Somerville, C. W. Sylvester, N. L. Warren, C. A. Warthen, George Becker.

-log-

The following were present from the class of '09: E. N. Cory, T. D. Jarrell, C. F. Mayer, W. R. Maslin and John Allison.

-log-

H. H. ("Hersh") Allen and W. P. Cole were present for the big day and were looking fine and did all they could to represent the class of '10.

-log-

Paul Barrows, '11, was on hand for the first time since graduation.

-log-

N. R. Warthen, '12, was welcomed back to the old campus.

-log-

D. W. Glass and J. W. Kingborne of the class of '11 were present.

-log-

Lee R. Pennington, '15, is living at 16 Taylor St. Chevy Chase, Md.

-log-

C. M. Seabold, '28, is living at Glyndon, Md.

-log-

William Walter Chapman, '28, who is working with the General Electric Co. in Schenectady N. Y., was down for Commencement to see his brother James graduate. Likewise Ruth Williams of the same class and organization was present.

-log-

C. E. Moore Jr., '22, is working for the public service commission of Baltimore City.

-log-

W. E. Troxell, '25, is located with the Pennsylvania State Highway Dept.

-log-

Mallory Wooster, '26, is working for the C & P Telephone Co. in N.Y.

-log-

The class of '19 had quite a large delegation on hand. Those present were: M. C. Brown, Washington, D. C., G. Morris, Annapolis, Md., Peter Chichester, Frederick, Md., H. O. Coster, Washington, D. C., Douglas Wallop, Washington, D. C., Lee Sollman, College Park, Md., Charles Payne, Washington, D. C. C. F. Blotch, Washington, D. C. and Edward Ruppert, Washington, D. C.

-log-

A. Aston, '24, is with the C & P Telephone Co. of Washington.

-log-

Kirk Besley, '23, has resigned his position with the Fairfield Dairy in Washington and is now with the U.S. Department of Agriculture at their Beltsville Farm. He is living in Riverdale.

-log-

P. G. Burch, '22, is located with the Portland Cement Co. in Allentown, Pa.

-log-

At the graduation exercises on Tuesday, June 11, eleven former graduates of the University returned to receive the advanced degrees of Mechanical, Civil and Electrical Engineer. Those receiving the degrees were: W. D. Bartlett, '25, M.E.; C. M. Compher, '25, M.E.; C. Lindhart, '12, M.E.; A. G. Prangly, '25, E.E.; B. R. King, '25, E.E.; E. R. Melton, '25, M.E.; and J. A. Bromely, '12, C.E.

-log-

[The text on this page is extremely faint and illegible due to poor image quality. It appears to be a multi-paragraph document with some headings or section breaks, but no specific content can be transcribed.]

Donald Adams, '28, is working in his father's business, the E. B. Adams Co. Washington, D. C.

-log-

Sarah Morris, '24, is living at her home in Hyattsville, Md.

-log-

John Groves, '24, is working for the Maryland Department of Aeronautics.

-log-

M. F. Brothers, '24, is working for the C & P Telephone Co. in Charlestown, W. Va.

-log-

G. A. Wick, '23, is connected with the Rosslyn Steel and Cement Co. of Rosslyn, Va., which is just across the Potomac River from Georgetown.

-log-

Robert L. Palmer, '28, sailed on the 10th of February for Maracaibo, Venezuela, South America, where he will be for two years with the Venezuela Atlantic Refining Co.

-log-

Samuel J. Ady, '28, was on the campus during Alumni Day. He is living at Sharon, Md.

-log-

MARRIAGES

We are pleased to announce the very beautiful wedding of Watson I. Ford, '25, and Julie Louise Behring, '27, at Bethany Chapel, Washington Cathedral, Washington, D. C., June 1, at 5 p.m. Watson was a member of Sigma Phi Sigma Fraternity and "Budgie", of Alpha Omicron Pi Sorority.

-log-

Another attractive wedding was that of Reese Sewall, '28, and Miss Celeste Lindzey at Laurel, Md., June 17. Reese was very prominent at the University and a member of Nu Sigma Omicron Fraternity.

-log-

BIRTHS

Mr. and Mrs. Austin C. Diggs are now the proud possessors of a little daughter, Margaretta Austin Diggs, who was born April 13. We extend our heartiest congratulations to Mr. and Mrs. Diggs. Austin is of the class of '21.

-log-

Mr. and Mrs. James W. Mills announce the birth of a baby boy, James Edward Mills, Jr., on March 9. Congratulations. Mills was a member of the class of '25, and is living in Cordele, Ga.

-log-

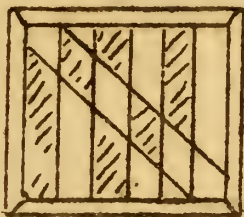

DEATHS

We regret very much to announce the sudden death of W. S. Grace, '12, on May 24. Grace was Supervisor of the Pennsylvania R. R. at Clayton, Del., and was operating a motor car when struck and killed by a passenger train.

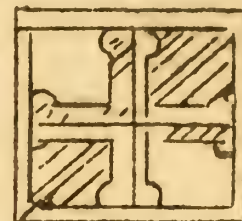

-log-

We regret also to announce the death of Mrs. H. B. McDonnell at her late residence in College Park, June 20. She was the wife of Dr. H. B. McDonnell, pathological chemist for the University of Md. Exp. Station.

PAY YOUR DUES NOW

Bills are being mailed to the members of the Association for 1929-30 dues, according to the secretary-treasurer, T. D. Symons. Each and every member is urgently requested to cooperate by mailing his two dollars to the secretary as soon as possible. As will be remembered by those who attended the meeting, June 10, and for the benefit of those who were not present, the constitution and by-laws, with regard to payment of dues, were changed, so that the dues are two dollars for everyone now, except those in the graduating class. They receive membership and the Log free for one year.

-Log-

HILLEGEIST DESERVES CREDIT

The accompanying outline and historical record of the University's growth from earliest times has been prepared by W. M. Hillegeist, an alumnus of the College Park branch of the University. Mr. Hillegeist has always been greatly interested in the history of the Institution, and, after much research, was able to prepare the very interesting outline given on page two. Such a piece of work is a real contribution to both alumni and University.

MEMORANDUM

TO: [Name] FROM: [Name]

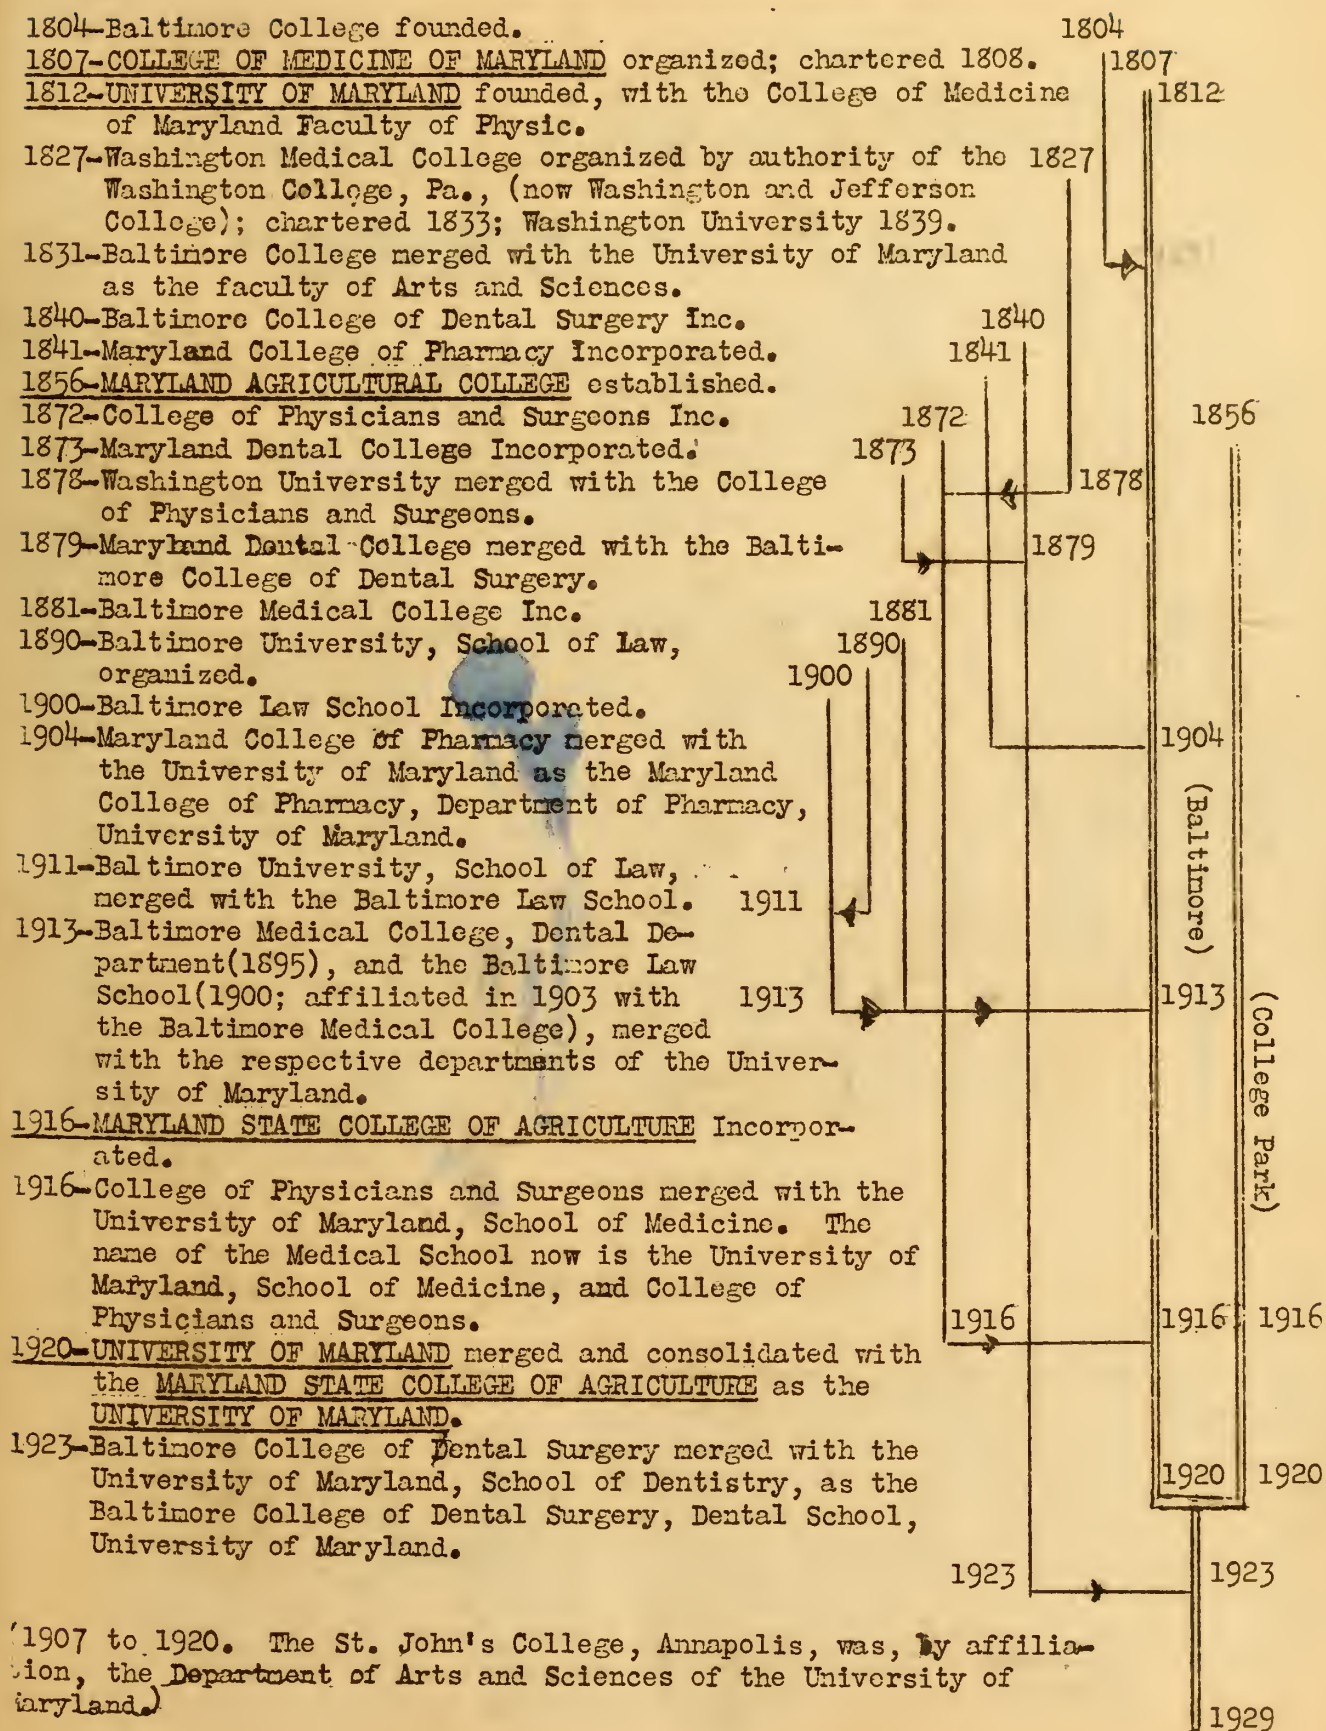

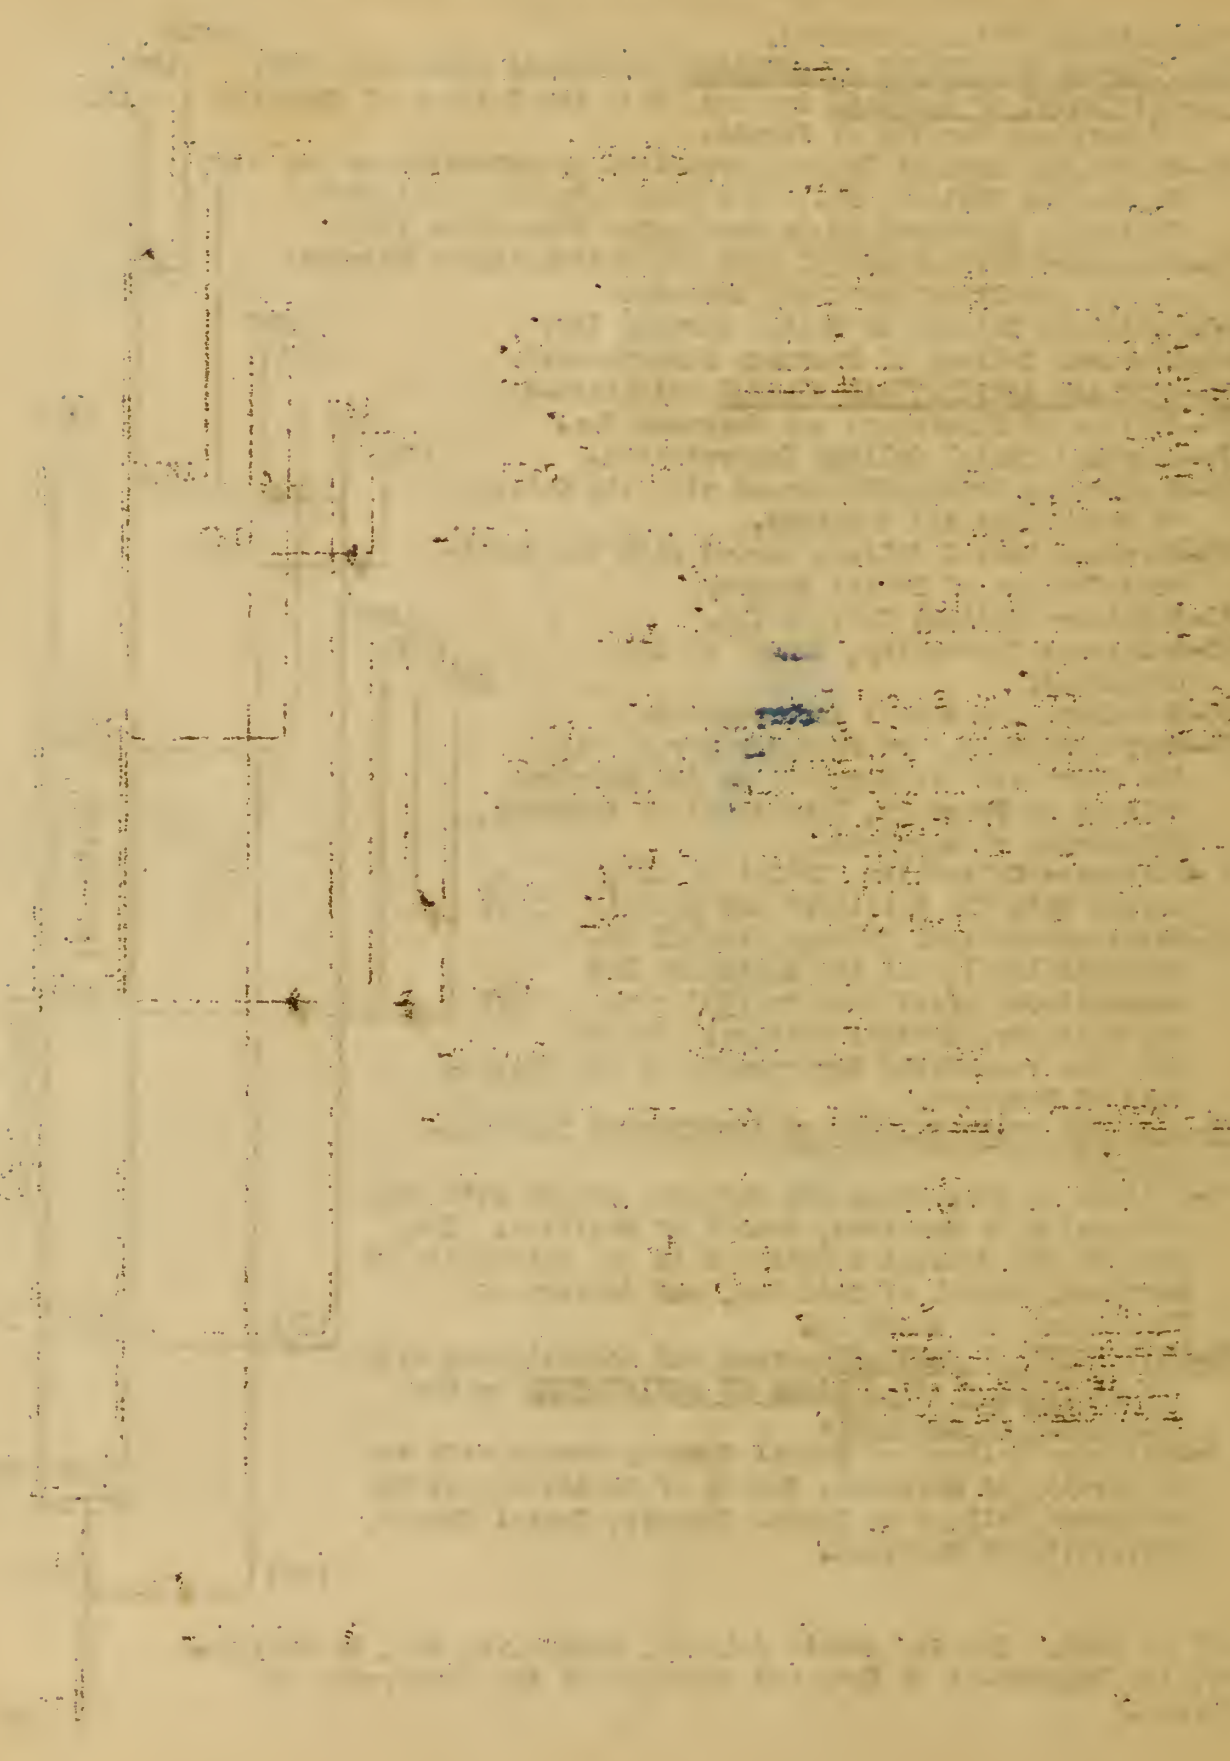

The first part of the memorandum is devoted to a discussion of the general situation in the country. It is noted that the economy is in a state of depression, and that the government is facing a severe financial crisis. The author suggests that the government should take immediate steps to reduce its expenditures and to increase its revenues. It is also suggested that the government should consider the possibility of borrowing money from foreign sources.

The second part of the memorandum deals with the question of the military. It is noted that the military is in a state of disarray, and that the government is unable to maintain its forces. The author suggests that the government should take steps to reorganize the military and to improve its equipment. It is also suggested that the government should consider the possibility of seeking assistance from foreign sources.

The third part of the memorandum discusses the question of the civil service. It is noted that the civil service is in a state of disarray, and that the government is unable to maintain its administrative functions. The author suggests that the government should take steps to reorganize the civil service and to improve its efficiency. It is also suggested that the government should consider the possibility of seeking assistance from foreign sources.

HISTORICAL OUTLINE OF THE UNIVERSITY OF MARYLAND

From The Alumni

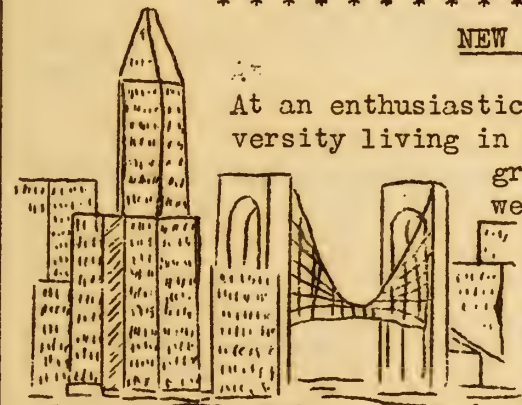

* OLD CONFEDERATE TELLS OF EXPERIENCES AT M.A.C. *

The following letter, received from J. Marshall Dent of St. Mary's County, and father of W. G. Dent, was read to the assembled alumni on June 10. Everyone was very happy to hear from such a loyal and distinguished alumnus. The letter reads as follows:-

"On May 11th, 1865, I returned to the home of my father and mother at Burlington, St. Mary's County, after having surrendered to Gen. Grant's forces at Appomattox, with the balance of the Maryland soldiers who were enlisted in the service of the Confederate States. As my education had been interrupted by the Civil War, at its close, not being yet 21 years of age, my father sent me to the Maryland Agricultural College. I entered the College at the beginning of the school year in 1865. My recollection is that the Faculty, at that time, was composed of Prof. Worthington, Principal or President, and Professors Johns, Leakin and Pacharini (an Italian). While I was a student at the College, it was closed by the Trustees or Board of Managers because of financial embarrassment growing out of the Civil War. I became a student at the College in the fall of 1865. I am now nearing my 85th birth-day. Born August 8th, 1844."

Yours Respectfully,
J. Marshall Dent.

NEW YORK ALUMNI ACTIVE

At an enthusiastic meeting, on June 28, of the alumni of the University living in New York, it was decided to organize a local group, which was promptly done. As only sixteen were present, it was decided to make a drive for the other forty odd alumni and alumnae known to be living in the city. Those elected to office, were:-H.H. Balkan, '16, president; Ruth Alderman, vice-president; and F. B. Rakeman, '18, secretary-treasurer. C. E. Robinson, '15, and G. H. Schmidt, '27, were elected to the executive committee. The next meeting will be held early in the fall. Anyone knowing of alumni living in New York City should write the secretary.

REMEMBER WHEN-

FROM THE MARYLAND STATE WEEKLY, APRIL 1919

Arbor Day was celebrated by a holiday and fitting exercises in the auditorium. President Woods, in his introductory speech, outlined a plan providing for the planting of "Memorial Grove" to the East of Calvert Hall. Twelve trees were to be planted in the grove, one for each "State" man killed in the war. F. W. Besley, State Forester, delivered the main address. His talk dealt with Arbor Day, its origin, adoption and the value of it to the nation.

-L-

The freshman baseball team lost its first game of the season to Central High School by the score of 4-2.

-L-

The Junior Promenade was held at Raucher's in Washington on the evening of April 4. The program consisted of twenty-four dances, the music being furnished by McWilliams orchestra. The favors consisted of black leather card cases for the girls and cigarette cases for the men made of the same material. Professor and Mrs. E. N. Cory and Mr. and Mrs. Hillgeist acted as chaperons.

-L-

A bulletin board was placed on the first floor of the Agricultural building and was found to be an improvement over the old method of posting notices.

-L-

New walks were laid out, grass was planted, and other efforts were made to beautify the campus. The work was under the direction of Dr. E. C. Auchter, chairman of the committee on campus improvements, and Professor S. S. Steinberg. Students were asked to cooperate by keeping off the grass.

-L-

The freshman baseball team defeated the sophomores by the score of 14-9. The game was featured by a home-run by Edmonds of the freshmen.

-L-

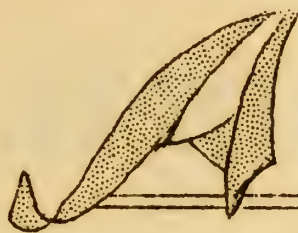

The first annual meeting of the Oratorical Association of Maryland Colleges was held at Western Maryland College. The contest was won by H. E. Faulkland of St. Johns College. His oration was entitled "Answering the Call". C. Walter Cole of Maryland State College spoke on "America's Place in the World." The judges were Dr. Joseph M. Beatty, of Goucher College; Professor Joseph E. Green, of Baltimore City College; and Congressman Linthicum. Professor Charles S. Richardson was treasurer of the Association.

ATHLETICS

By W. H. Hottel

It won't be long now, a little more than a month, before the Old Line football candidates will be gathering to get in trim for the ten-game campaign that opens with Washington College on September 28, and ends with Western Maryland in the Baltimore Stadium on December 7.

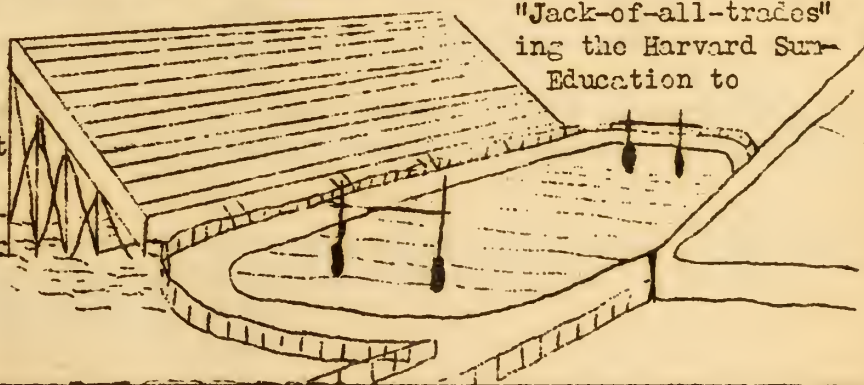

Coach Curley Byrd, assisted by Charlie Fenwick, will put the boys to work on Labor Day, which will give them just four weeks to get in shape for the inaugural battle. However, the first big game will come on October 5 when North Carolina will invade College Park.

Maryland will have ten of its thirteen letter men back and will get considerably more talent from the 1928 freshman team than it did last year, and the squad should number around 35. This will be around ten more than were on hand at that time last year. While the Old Liners lost only three regulars, they were good ones, the trio including Snitz Snyder, sensational fullback; Gordon Kessler, Quarterback, and Gus Crothers, who was all-State guard for three years.

Several of the boys are toiling at the University this summer, and are doing work that will have them in trim when the "Bell rings" for practice. It is manual labor they are doing, helping to construct the cinder path and tennis courts, involved in the rebuilding of the athletic field. The field should be in good trim for the first contest, and the new quarter mile running track that encircles the gridiron should be finished by the time that "workouts" begin. The new track will be eighteen feet wide, wider than the old one.

Grading for the tennis courts also has been completed. The drainage pipes are about to be installed and then the outer work will start. It is probable that they will be completed when school opens September 24 for the registration of the freshmen.

One of the University's "landmarks", Burton Shipley, has been missing this summer. "Ship", who tutors the varsity basketball team as well as baseball team, and who is a in athletics, is attending Summer School of Physical further himself for his coming athletic duties at the University of Maryland. Altogether, everything looks very good for athletics at the University for 1929-30.

THE

AMONG OURSELVES

mong the old grads that we have seen back on the campus for summer school are:- "Joe" Endslow, '26, Alma Essex, '28; Nova Thompson, '28, Frank Witter, '28, "Pop" Morris, '19, T. Taylor, '29, and Ross Smith, '29.

-L-

Herbert H. Dalkman, '16, is working for the Brooklyn Edison Company, 380 Pearl Street, Brooklyn, New York.

-L-

Fred B. Rakemann, '18, is in the employ of the J. G. White Management Corporation, 33 Liberty Street, New York City, N. Y.

-L-

"Jake" Schueler, '29, former editor-in-chief of the Diamondback, has returned to work for an advanced degree at the University. He holds a fellowship in the Chemistry Department.

-L-

H. S. Berlin, '19, is no longer in the contracting business but is now a bridge designer for the Big Four Railroad, Cincinnati, Ohio. Address him to the Big Four Building, Cincinnati, Ohio.

-L-

"Pete" Schrider, '26, has completed his course in flying at the Pensacola flying field in Florida, and has been ordered to duty at Philadelphia.

-L-

John Hough, '26, and "Joe" Burger, '25, recently sent a letter to the University relating their experiences while in Barcelona, Spain.

-L-

"Ed" Tenney, '28, is working for the Standard Oil Co. in Shanghai, China.

-L-

"Jo" Blandford, '27, will leave in the fall for the Mississippi College, Columbus, Mississippi, where she will teach.

-L-

Mena Edmonds, '28, has accepted a fellowship in the Home Economics Department of the University for next winter.

-L-

Hazel Tenney, '29, was on the campus for a short time recently.

-L-

J. Stewart, '24, who received his M.S. degree from the University, has accepted a position with the plant breeding laboratories at Cold Spring Harbor, New York.

-L-

L. Stewart, '26, who worked in the bacteriology department of the University, recently resigned, and is now working with the U. S. Department of Agriculture in food bacteriological work.

-L-

1. The first part of the document is a list of names and titles, including "The Hon. Mr. Justice" and "The Hon. Mr. Justice".

1. The first part of the report is a general introduction to the project, which includes a brief history of the project and a statement of the project's purpose.

AMONG OURSELVES(continued)

"Bill" Hill, '25, who was formerly with the Florida East Coast Railway, is now living in Hyattsville, Md., and is studying patent law.

-L-

A. B. Hamilton, '29, will stay at the University and work for an advanced degree, having received a scholarship in Agricultural Economics.

-L-

Burwell B. Powell, who received both his Bachelor's and Master's degrees in 1928, is an economist for the National Rural Electric Project and is located at College Park.

-L-

"Pete" Deavens, '27, will matriculate at Michigan State College, East Lansing, Mich., in the fall, to work for an advanced degree.

-L-

"Chick" Harley, '25, who is doing fruit work in Oregon, was a recent visitor to the campus.

-L-

R. C. Burdette, '23, has a position at the New Jersey Experiment Station, New Brunswick, New Jersey.

-L-

Stanley Stabler, '28, is farming at Colesville, Maryland.

-L-

Louise Marlow, '28, is doing secretarial work in the foreign department of a Washington Loan and Trust Company, Washington, D. C.

-L-

"Ed" Wheeler, '29, has a position with the Bureau of Public Roads in the Department of Agriculture, Arlington, Va., and is living at College Park.

-L-

"Bob" Carruthers, '26, is now living on Long Island, and has a position in New York City with the Bell Telephone Company.

-L-

"Charlie" Pugh, '28, who recently graduated from a flying school in Texas, passed through College Park on his way to Mitchell Field, New York.

-L-

Mildred Hislop, '29, has been teaching during the summer, and is living at her home, 15 Olive Street, Hyattsville, Maryland.

-L-

Marriages

A large number of their friends attended the wedding of Katherine Baker, '26, and Walter Bromley, '25.

-L-

Births

Mr. and Mrs. D. Cash announce the birth of a son, Bruce Harrison Cash, early in July.

-L-

Mr. and Mrs. Clement Brook announce the birth of a son, Edward, in February.

ALUMNI CLUBS

I n a recent letter to the secretary of the Alumni Association, H. C. Whiteford, president of the organization, stated that he considered one of the most important problems to be solved in the immediate future is the organization of individual county groups of alumni. He declared that one sure way of having a strong central alumni group is by establishing smaller ones in each county upon which to build the larger one.

The soundness of such an argument cannot be doubted and we believe that we have had ample proof of its practicability through the very fine alumni groups built up in recent months in such counties as Harford and Allegany and such cities as New York, Baltimore and Philadelphia.

The secretary, in his annual report and on other occasions, has pointed out the fine success made of these county and city sections of the Associations and the apparent ease with which local alumni were gotten out to dinners and "get-togethers." He has even intimated that it might be wiser to concentrate in the future upon these smaller sectional meetings since the alumni seem more ready to meet in groups in their own county or city rather than go a long distance for a central meeting.

There is no question, therefore, that there is food for thought in President Whiteford's statement and we wish that the members of these section groups would give us more information as to just how successful they have been and what their reactions are to establishing them throughout the State.

CAMPUS CLIPS

YEAR BRINGS MANY CHANGES IN UNIVERSITY AND ENVIRONS

Returning alumni and students will find a number of changes in the grounds and equipment of the University. Notable among these of course is the library, the construction of which is to begin at once. Some delay has been encountered in determining just the best location and plan for the structure but it has finally been decided upon and the work is to be started in the very near future.

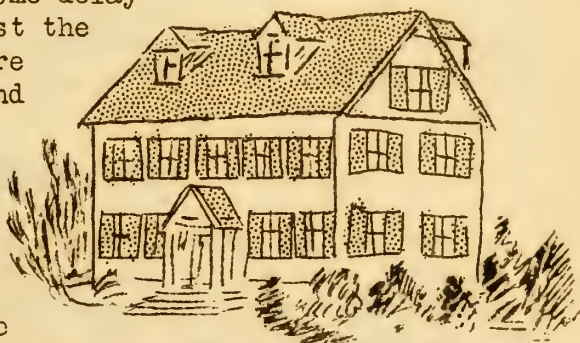

Plans are also being gone over for a new women's dormitory which is to be constructed near the present site of Gerneaux Hall. This will keep the women's dormitories entirely to the north of the University and the men's to the south. The date has not been set for construction of the new "Dorm".

In passing over the fine system of new roads that were completed on the campus a year ago the returning "grad" will also be pleased to see a large number of modern and ornate lamp posts of concrete that now keep the campus well lighted. These new lights are certainly a big asset to the University.

As one passes over the "brow" of the hill going east from the main college buildings to the town he will notice the splendid group of new tennis courts across the Baltimore and Washington Boulevard and next to the football gridiron. There are ten courts in all, four of which have underground tiling to insure complete dryness. This takes everything of an athletic nature to the east of the highway, where it is planned later to have a nine hole golf course and a lake for water sports. Eventually, too, the south end of the stadium will be completed.

Plans have been made for the erection, in the immediate future, of special stands around the new baseball field. Altogether, when completed, Maryland will have one of the finest and most modern athletic plants in the east or south.

Continuing on down into the town of College Park we see a large brick structure being built just across College Avenue from the old Alpha Omicron Pi House which will be the new home for this sorority. (Continued page 3)

(Year Brings Many Changes In University and Environs)

It is expected that the young women will move into their new chapter about January 1st. A little further down the street just south of Kappa Kappa Gamma House (the old Sigma Delta Sorority) a new Fraternity house has just been completed, that of Nu Sigma Omicron. This new home which is of Georgian style architecture is very spacious and is very similar to the new Theta Chi House only a few hundred feet away to the right. As will be remembered by many alumni, Delta Mu local went national this spring and is now a representative of one of the finest and oldest secret orders in existence, Theta Chi. Still further down College Avenue and just after one makes the first turn to the right on the way to the Baltimore and Ohio station, he passes the red brick home that will house the members of Phi Sigma Kappa Fraternity this year. This house like all the other newer Fraternity and Sorority homes is of the Georgian style and carries out the spirit of colonial Maryland in the general theme of architecture at the University.

This concludes our tour of the University grounds and environs but we hope that it will give the alumni some idea of the changes that have taken place.

-L-

SCHOOL TO OPEN ON SEPTEMBER 17TH

It is announced by the registrar's office that the University will open officially on the 17th of September and classes will begin on the 20th. This will permit ample time for registration of freshmen and upper classmen, the latter to register on the 19th, and the former the two days before.

It is expected that there will be a material increase in the enrollment this year since registration is now two weeks ahead of that of last year. It is expected that there will be well over five hundred in the incoming class. Last fall there were 450. The schools of the University located in Baltimore are expecting a heavy enrollment also it is stated.

Last year there was a total of approximately 2,900 students in attendance at the University of which nearly 1,400 were at College Park and over 1,500 were in Baltimore. Last summer over 700 attended the summer school held in College Park.

-L-

STATE HIGH SCHOOL PRESS ASSOCIATION TO BE FORMED

Sponsored by the new journalistic fraternity, Gamma Alpha Nu, an attempt will be made to establish a Press Association for High School papers of the State, it has been announced by the University. The object of the Association would be to bring together delegates from the staffs of the various high school papers in the State in an annual meeting to be held at the University for the purpose of discussing journalism problems, and for the promotion of better high schools in the State. During the summer letters have been sent to various high schools in the State and many favorable replies have been received. The date for the first meeting has not been set but it is expected that it will be sometime during the early winter.

-L-

THE HISTORY OF THE UNITED STATES

The history of the United States is a story of growth and change. It begins with the first settlers who came to the shores of the New World. These early pioneers faced many hardships, but they persevered and built a new life for themselves. Over time, the colonies grew in number and in size. They developed their own laws and customs, and they began to assert their independence from England. The American Revolution was a turning point in the nation's history. It was a struggle for freedom and self-determination. The colonists fought bravely against the British, and they won. The United States was born. In the years that followed, the new nation faced many challenges. It fought wars, both with Britain and with Native Americans. It struggled to establish a stable government. But through it all, the United States grew stronger and more united. Today, it stands as a beacon of hope and freedom for people all over the world.

THE AMERICAN REVOLUTION

The American Revolution was a period of great change and upheaval. It was a time when the colonies broke away from British rule and declared their independence. The revolution was fought between 1775 and 1783. It was a struggle for freedom and self-determination. The colonists fought bravely against the British, and they won. The United States was born. In the years that followed, the new nation faced many challenges. It fought wars, both with Britain and with Native Americans. It struggled to establish a stable government. But through it all, the United States grew stronger and more united. Today, it stands as a beacon of hope and freedom for people all over the world.

REMEMBER WHEN

FROM THE MARYLAND STATE WEEKLY, MAY 1, 1919

The football schedule for the 1919 season was announced. It included Swarthmore, Virginia, West Virginia, St. Johns, Catholic University, Western Maryland, and Johns Hopkins.

-L-

The freshman baseball team defeated Emerson Institute 13-8 in a very loosely played game.

-L-

Announcement of the fifth session of the summer school of the Maryland State College was made. It was scheduled to open June 24th and to continue until August 4th. The total fee to be charged per student from this State was \$35.

-L-

The State College tennis team defeated the St. Johns team 5-1. The Maryland team was composed of Stone, Slanker, and Hale.

-L-

The baseball team nearly won the Southern championship and lost to only one opponent, the University of Virginia, by the score of 5-7. The scores up to May 15 were: Georgetown, 9-7, Gallaudet 4-3, Delaware College 9-1, Johns Hopkins 8-4, Navy 5-3, Penn State, 7-1, V. P. I. 3-2, 6-2, V. M. I. 14-2 Washington and Lee, 9-2 Lehigh 11-0, and St. Johns, 7-1. Teams played the rest of the season were: Naval Operators, Western Maryland, Catholic University, Georgetown, Gallaudet, Camp Jackson and two games with V. P. I.

-L-

Poe Literary Society won the Inter-Society Debate. The subject was "Resolved that the United States Should Have a System of Compulsory Training." E. B. Ady and G. G. Remsberg upheld the affirmative side of the argument for Poe, while the defeated New Mercer team was composed of R. C. Stone and C. W. Cole. The judges were: Professor K. J. Morris and Dr. C. O. Appelman. E. B. Ady received the medal presented each year to the best individual speaker.

-L-

Commencement was scheduled for May 30th, on which date the following candidates received Bachelors degrees: Joseph Leiter Aitcheson, Kenneth Warren Babcock, Cecil Warren Bacon, Homer Sydney Berlin, Chester Frederick Bletch, Milton Carroll Brown, Howard Owen Coster, Edwin Walker Hand, Walter Hardesty, Grace Bruce Holmes, Paul Valentine Horn, Ransom Rush Lewis, Erston Vinton Miller, George Wesley Norris, Charles Edwin Payne, Kenneth Carlisle Posey, Earl Milton Sawyer, Robert Lee Sellman, James Wimer Stevens and George Ray Stuntz. Also there were six who received certificates in two year agricultural courses.

REVEREND WIFE

My dear wife,

T

he day is so bright and warm, and the birds are singing so sweetly, that I cannot help thinking of you and how much I love you.

I am so glad that you are well and happy, and I hope you are enjoying your journey.

I am so glad that you are well and happy, and I hope you are enjoying your journey.

I am so glad that you are well and happy, and I hope you are enjoying your journey.

I am so glad that you are well and happy, and I hope you are enjoying your journey.

I am so glad that you are well and happy, and I hope you are enjoying your journey.

I am so glad that you are well and happy, and I hope you are enjoying your journey.

I am so glad that you are well and happy, and I hope you are enjoying your journey.

I am so glad that you are well and happy, and I hope you are enjoying your journey.

I am so glad that you are well and happy, and I hope you are enjoying your journey.

I am so glad that you are well and happy, and I hope you are enjoying your journey.

I am so glad that you are well and happy, and I hope you are enjoying your journey.

I am so glad that you are well and happy, and I hope you are enjoying your journey.

I am so glad that you are well and happy, and I hope you are enjoying your journey.

I am so glad that you are well and happy, and I hope you are enjoying your journey.

I am so glad that you are well and happy, and I hope you are enjoying your journey.

I am so glad that you are well and happy, and I hope you are enjoying your journey.

I am so glad that you are well and happy, and I hope you are enjoying your journey.

A ATHLETICS

By "Bill" Hottel

Letters have been sent to about 45 Maryland football aspirants to report at College Park on September 2nd for the first practice. Less than 20 of these men were on the varsity squad last year, the majority being from the ranks of the freshmen aggregation of 1928. Fourteen men, thirteen of whom received letters, played practically all of Maryland's football last fall. Ten of these men are due to be on hand when practice begins. They are Charlie Dodson and "Al" Heagy, ends; Henry Lombard and John McDonald, tackles; "Bill" Heintz, guard; George Madigan, center; Fred Ribnitzki, reserve lineman; "Bill" Evans, quarterback; Julie Radice and "Augie" Roberts, halfbacks; Ribnitzki was the only one not to get a letter last year and he came mighty close to it.

The four letter men who will be missing are: "Snitz" Snyder, fullback; Gordon Kessler, quarterback; "Gus" Crothers, and "Artie" Wondrack, linemen.

There is also some very promising material coming up from the 1928 yearlings and the outlook may be said to be bright for a good team this fall.

- L -

Flood lights will be in use for football practice. They have arrived and will be put in place as soon as possible. As the practice ground is directly back of the Stadium, the lights will be installed on the rear of the steel stands on the East side of Byrd Field. This will give the lights plenty of height to adequately flood the field. Under conditions as they existed in the past, it was almost dark before Coach "Curly" Byrd got all his charges on the field.

- L -

As has been the custom in the past the Old Liners will stage scrimmages with the Quantico Marines.

- L -

All of Maryland's trio of three letter athletes will be on the job during the 1929-30 term. They are Heagy, end in football, first defense in lacrosse and guard in basketball; Radice, grid halfback, forward or guard in basketball and second baseman in baseball; and Evans, football quarterback, outhome in lacrosse and forward in basketball. Heagy is captain-elect of the 1930 lacrosse twelve while Evans will lead the 1929-30 quintet.

- L -

Maryland may have brothers playing in the forward wall of the football team this year, John and Henry McDonald, tackles.

Just Between Ourselves By "Al" Umni

Word has just been received that Albert Muller, '12, who has been associated with the Bel Air High School has moved to Prince George's County where he will be located as assistant principal of schools. He will live in College Park.

-L-

It has just been learned that Adelbert G. England, '27, will leave for the South about the first of October. He is now living in Caribou, Maine, and is employed by the government in Topographic survey work in that State. He requests that his mail be sent to 4001 Glenmore Ave., Baltimore, Md., until further notice.

-L-

Thomas H. Fitzgerald, '23, was recently appointed superintendent of the Lawrence Felting Plant of the U. S. Rubber Company at Millville, Miss. Tom made us a call on August 2nd spending some time at the University.

-L-

E. F. DeAtley, '26, wrote to us recently asking that his address be changed from 1921 Lawrence St., N. E. Washington, D. C., his old residence, to Room 550, M. C. Terminal, Detroit, Mich., where he is now living.

-L-

Through an error in the mailing files we have found that a mistake has been made in the address of H. J. Kefauver, '29. His address is Frederick Junction, Md., and not Frederick, Md.

-L-

We were extremely glad to receive a letter the other day from H. E. Collins, '99. Along with his check for annual dues he sent a request for more information about his class. Can anyone give us such news or rather more of it. We are very eager to publish any bits of personal information that you may have of these older boys or any others. All you have to do is send it along to the Editor of the Log. Incidentally Collins did not tell us a thing about himself and while we admire such modesty it won't rectify the evil.

-L-

Robert Simmons, '29, has been spending the summer selling Chevrolet motor cars and if we get Bob right he surely has been convincing the residents of Maryland and Virginia as well as the District of Columbia that that is the car to buy. Bob expects to return to the University in the fall to take up graduate work.

-L-

Jack Savage, '28, dropped in at the University the other evening to pay his old friends and classmates a visit. Jack will begin his second year at the University of Maryland Medical School this fall. For the present he is working for the telephone company in Washington.

-L-

JUST BETWEEN OURSELVES (continued)

W. E. Froelich, '27, is principal of the High School at West Palm Beach, Florida.

-I-

Benjamin Monroe, '29, is doing engineering work for the United States Government in Maine.

-I-

Albert Ady, '27, who is located in Montgomery County as assistant county agent, was adjutant of the annual 4-H Club Week at the University from August 8th to 13th.

-I-

Joseph Endslow, '26, who studied at the University summer school, stayed on during Club Week, Joe is principal of the Street High and Elementary School, located at Street, Harford County.

-I-

Laura Amos, '26, was present also during Club Week, having come all the way from Philadelphia to be here. Club Week just would'nt move without Betty. At least that is what the youngsters think.

*I-

MARRIAGES

Announcement has been received of the marriage on August 22 of Evelyn Moore and Kevin Thomas Ryan in Laurel, Md. Mr. Ryan is from Boston, Mass.

-I-

On August 14th Evelyn Eckort, '28, was married to Ralph A. Shank, of Washington, D. C. The marriage was performed in the Fourth Presbyterian Church of Washington.

-I-

Morris Everest Newman Jr. was married recently to Louise Wright, a graduate of Hood College. The couple will live in Preston, Md. Mr. Newman was formerly associated with his father in business in Easton, Md.

-I-

Alma Essex, '28, was married on August 9, to Joseph Marshall of Washington, D. C. A garden wedding was held.

-I-

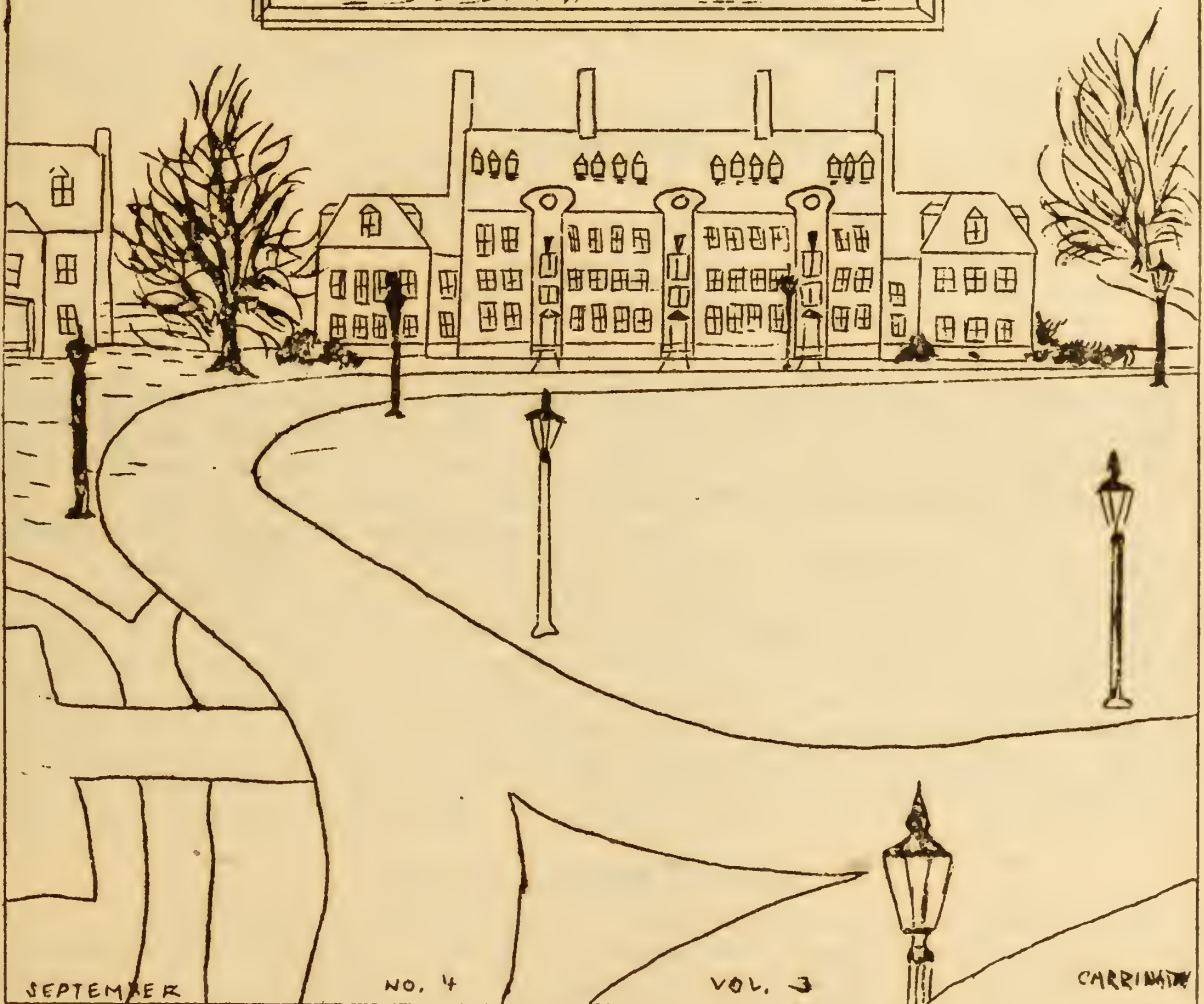

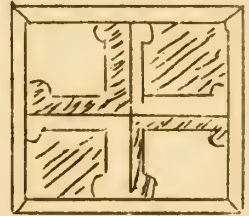

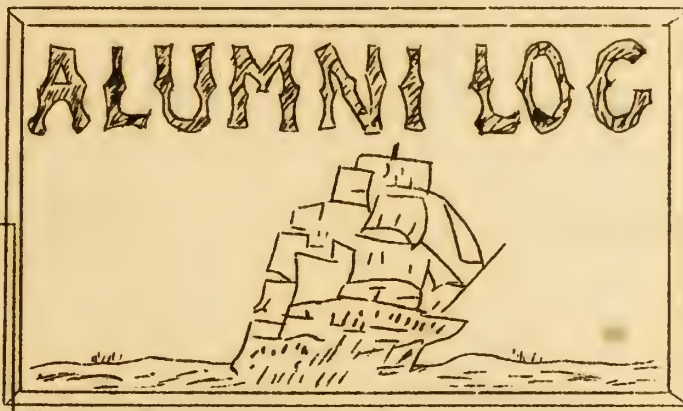

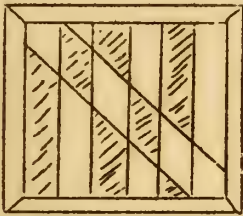

DEATHS

Glenworth Sturgis, '05, aged 47, son of Mrs. Virginia Sturgis and the late Alexander Sturgis, of Snow Hill, died at the Homeopathic Hospital, East Orange, N. J. on August 2nd where he underwent an operation for appendicitis several weeks ago. He had been living in Perth Amboy, N. J. for nineteen years. Dr. Sturgis had won for himself an **enviable** reputation as a teacher in recent years and was highly respected in his community. He had just recently been promoted to the position of superintendant of schools of his city, an ambition he had long cherished.

-I-

We have just learned of the passing on April 20th of another alumnus George B. McCeney.

THE NEW LIGHTS

Many fine features have been added to the campus in recent years and improvements have come steadily with the cooperation of recent legislatures, but we cannot think of a single thing that has been of more benefit than the new, handsome lights which were placed along the roads and paths last month.

Not only are they an ornament that add immeasurably to the beauty and decorative qualities of the campus, but they are a great aid in night driving and walking over the new roads and pathways. Not only that, but at night the University is now readily seen from the Baltimore and Washington Boulevard, a thing that was almost impossible formerly. Therefore, not only has the new lighting system added a finishing touch from the standpoint of beauty, and facilitated driving and walking upon the campus, but it has put the University of Maryland "on the map" for many motorists who pass it after dark and never knew that it existed before.

OVER 400 FRESHMEN ENROLLED

We wish that every alumnus of the University could spend a few hours back on the campus of his Alma Mater during these days of registration and Freshman Week. It would do him good and make his heart sing for joy to see the fine group of young people who are in attendance and who are entering the halls of learning of the Old Line School for the first time.

From every county in the State and the majority of the States in the Union they are coming and it is expected that the first year class will be the largest in the history of the Institution. While registration has not been completed at this writing, over 425 freshmen will probably be studying at the University this year.

Alumni, therefore, must not forget that these splendid young men and women, who in many cases are the sons and daughters of former Maryland graduates, will some day be joining the ranks of the Association. It, therefore, behooves us to make the organization better and more efficient all the time for we must "sell" it to these younger members just as much as the importance of a good education must be brought to their attention by their parents before they enter College. It is indeed extremely gratifying and, to say the least, pleasing to find so many of the older alumni sending their children to their Alma Mater, but we have a duty ourselves and that duty is to keep our shoulders to the wheel by assisting and backing up the Association and its officers.

The secretary is glad at all times to receive suggestions from any of the members of the organization and wishes to keep in touch with what the members are doing. Drop him a line once in a while. He is always glad to hear from you and, by publishing the news in the Log, the other members can hear about you.

-L-

ALUMNI BOARD MEETING IS CALLED FOR OCTOBER 10th IN BALTIMORE

The first meeting of the new Alumni Board will be held in the Medical Alumni House, 519 West Lombard Street, Baltimore, on the evening of October 10th, according to a recent announcement. The members of the new Board are: H. C. Whiteford, President of the Association, C. W. Cole, Vice-president, T. B. Symons, Secretary-Treasurer, Richard Dale - Engineering, R. V. Truitt-Arts, Sarah Morris-Home Economics, D. J. Howard-Education, Kenneth Grace-Agriculture and J. H. Mitchell, honorary member.

The meeting will start promptly at 6:30 p.m. and all members are urged to be on hand at the appointed hour. President Pearson has been invited to attend.

There are several matters of importance along business and policy lines to be determined at this meeting. It is also expected that plans will be made to carry out the suggestion of the President, Mr. Whiteford, that local branches of the Association be formed in every county of the State at more distant points. It is also hoped that different plans can be made for the establishing of an exchange office that will assist members in securing desirable positions. This idea offers a wonderful opportunity for the Association to be of real service to its members. Plans will also be made for the Association to cooperate and assist in Home Coming Celebrations.

-L-

LEST WE FORGET

A second notice is going forward to all members who have not taken the time to send in their checks for dues.

Let's get together and make this year's membership one hundred per cent paid up.

-L-

CAMPUS CLIPS

PRESIDENT PEARSON SENDS OUT STATEMENT TO ALUMNI

President Pearson, in spite of the present hustle and bustle at the University when he is being called upon for so many things, found time to prepare the following letter which is herewith published in the Log.

TO THE ALUMNI:

Our new year is opening auspiciously. Every year we build on the foundation laid in the preceding years, and every year, therefore, should show some improvements. We hope that you will be glad to see the physical improvements on the campus and athletic field that have been made during the last few months and that are still in progress. And we hope that the improvements in our instructional methods and in our research work will be equally pleasing to you as you learn of them.

We all want you to be posted upon what your Alma Mater is doing and to make suggestions. Officers and teachers are more than glad to talk about their different lines of work. This year we hope to have more visits from alumni than ever before.

Truly yours,

R. A. Pearson
President

-L-

NEW UNIVERSITY BUILDING TO BE DEDICATED OCT. 5

On Saturday, October 5, the new Dentistry and Pharmacy Building of the University will be dedicated in Baltimore. This building, which is thoroughly modern in every detail, is located at the northwest corner of the intersection of Lombard and Green Streets. It is a brick structure and so will conform with the general architecture of the University buildings.

MANY ACTIVE GRADUATES OF CLASS OF '29

It certainly is encouraging to hear of the newer graduates getting started so well in the world as have so many of the class of 1929. While the Secretary has not heard from all of these young men and women, yet many fine reports have been coming in of the activity of these alumni and we know you will be glad to hear about them.

Ross Smith, who received his degree from the College of Education will be teaching this winter in the Lisbon High School and Merrick Wilson will be instructing at the Poolesville High School.

"Ed" Shepherd, Harold Krieder, Emmet Loane, and Weller Holloway have been studying in the Washington Telephone Company during the summer and will soon be sent out to various locations on the company lines. Jack Vierkorn, we understand, is located with the Bethlehem Steel Company in Pennsylvania and Stanley Stabler is running a farm at Colesville, Md. "Joe" Long is with the Bureau of Plant Introduction, Department of Agriculture, Washington, D.C. Also, those steller football players that will make the colors of '29 long remembered, Gorden Kessler and "Snitz" Snyder, are each managing athletics at a private school and playing professional football respectively. Gorden will be at a Washington High School and Snyder is slated for New York.

Tate Tayler and "Jake" Scheuler will each continue in graduate work at the University. Mena Edmonds and A. B. Hamilton also have fellowships in the graduate school of the Old Line Institution. Kenneth Rensberg and H. W. Beggs will be teaching in Maryland high schools and M. T. Hershberger is doing soil survey work in the State. W. Cooper is planning to do research work in the Department of Agriculture on the subject of, "The Transportation of Fruits". Ann Mathews is with a milk organization in Philadelphia. We wish that we could give more information about the members of this class but will have to wait until the next issue.

-L-

LARGE ENROLLMENT IS REPORTED BY SCHOOL REGISTRAR

For the first week of registration the College Park Schools of the University report 145 for agriculture against 129 last year, 582 against 548 for Arts, 114 against 137 for Education, 262 against 261 for Engineering, 72 against 50 for Home Economics, and 50 against 49 for the graduate school. In other words only one college shows a loss in enrollment over the year previous.

As there are still some to be registered, Miss Prierkert looks for a total of 1,300 students and at least 425 in the freshman class.

Standard 1: Writing Skills

Students will be able to write a clear and concise paragraph, using appropriate punctuation and capitalization. They will also be able to write a letter, using appropriate salutations and closings.

Standard 2: Reading Skills

Students will be able to read a text and identify the main idea and supporting details. They will also be able to read a text and identify the author's purpose.

Students will be able to read a text and identify the author's point of view. They will also be able to read a text and identify the author's bias.

Students will be able to read a text and identify the author's tone. They will also be able to read a text and identify the author's style.

Students will be able to read a text and identify the author's audience. They will also be able to read a text and identify the author's context.

Students will be able to read a text and identify the author's message. They will also be able to read a text and identify the author's conclusion.

Students will be able to read a text and identify the author's evidence. They will also be able to read a text and identify the author's reasoning.

Students will be able to read a text and identify the author's conclusion. They will also be able to read a text and identify the author's evidence.

Students will be able to read a text and identify the author's conclusion. They will also be able to read a text and identify the author's evidence.

MARYLAND TILE TEAM

By "Bill" Hottel

Ten veterans will probably do most of the football playing for Maryland this year although it is expected that some of the sophomore linemen and backs will have to come through if the Old Liners are to successfully combat the strong teams they will meet.

By the time that this article is read the opening game with Washington College on September 28th will be a thing of the past and the Old Liners will be preparing for the first big battle of the season with North Carolina at College Park on October 5th.

Here is the tentative line-up that "Curley" Byrd has for his first team at this writing: "Charlie" Dodson, left end; Herman Lombard, left tackle; "Bill" Heintz, left guard; George Madigan, center; John McDonald, right guard; "Fred" Ribnitzki, right tackle; Albert Heagy, right end; "Bill" Evans, quarterback; "Buck" Miller, left halfback, "Shorty" Chalmers, right halfback; and "Julie" Radice, fullback.

All of these men are veterans excepting Miller and Chalmers, who were on the 1928 freshman aggregation, and all, excepting these two and Ribnitzki, won varsity letters last fall, and he missed getting one by a very narrow margin.

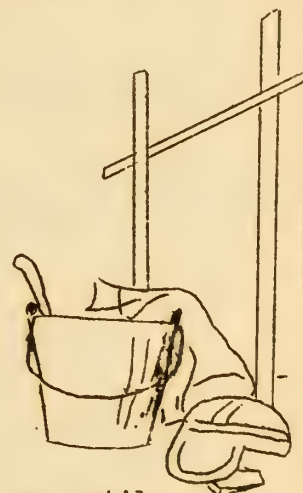

"Bill" Fisher, veteran line reserve player has been forced to give up the game. As a result all the other forward wall men as well as most of the backs must come from the sophomore ranks this year.

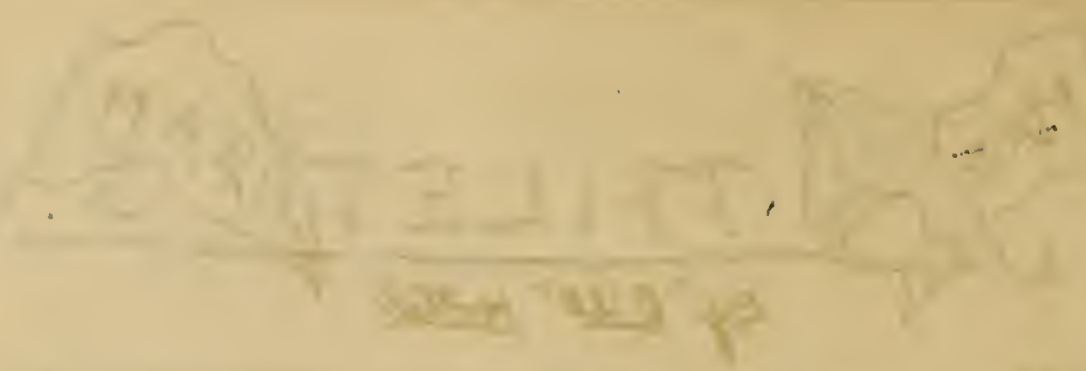

Leading aspirants are "Bozcy" Berger, "Al" Pease and "Jack"

Norris, ends, "Jess" Krajcovic, Courtney Hayden and "Bob" Wilson, tackles or guards; "Skippy" Faber, center; "Joe" Settino, quarter, and Charlie May, Paul Cronin, "Nick" Warcholy and "Bus" Pitzer, who were on the varsity squad a year ago.

No one to fill the shoes of "Snitz" Snyder has been discovered as yet and it is a ball carrier of this type, who can pull in the defensive backs, that makes the whole offense, particularly the passing game, go well.

Maryland will have a good team that will fight and play versatile football but it would be asking a lot to expect it to turn the tricks that it did in 1928. It will be younger and lighter than any major team that it meets.

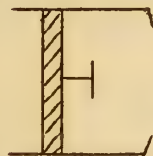

The first of the month of January, 1850, was a day of great interest to the people of this city. The weather was unusually warm for the season, and the sun shined brightly from a clear sky. The people were out in great numbers, and the streets were filled with the sound of carriages and the voices of the throng. The children were playing in the parks, and the old people were sitting on the benches, enjoying the pleasant weather. The shops were open, and the merchants were busy with their customers. The day was a day of joy and happiness to all who were present.

The second of the month was a day of great interest to the people of this city. The weather was unusually warm for the season, and the sun shined brightly from a clear sky. The people were out in great numbers, and the streets were filled with the sound of carriages and the voices of the throng. The children were playing in the parks, and the old people were sitting on the benches, enjoying the pleasant weather. The shops were open, and the merchants were busy with their customers. The day was a day of joy and happiness to all who were present.

The third of the month was a day of great interest to the people of this city. The weather was unusually warm for the season, and the sun shined brightly from a clear sky. The people were out in great numbers, and the streets were filled with the sound of carriages and the voices of the throng. The children were playing in the parks, and the old people were sitting on the benches, enjoying the pleasant weather. The shops were open, and the merchants were busy with their customers. The day was a day of joy and happiness to all who were present.

Just Between Ourselves By "Al" Umni!

Dunbar, '98, dropped into the University the other day to matriculate his son in the pre-medical course. Dunbar, it will be remembered by the older graduates, was a former "star" on the gridiron in his college days at Old M. A. C.

-L-

"Bill" Weber, '24, also paid us a visit. Bill is conducting a florist business in Clarksburg, West Virginia.

-L-

Elwood Nickolas, '28, has accepted a position as teacher of English at the Gilman Country School, Baltimore, Md.

-L-

Wilbur Sterling, '20, who formerly held a position of chemist in the U. S. Department of Agriculture, has resigned and is now located as a specialist in chemical products with the Tariff Commission, in Washington, D. C.

-L-

Frank Witter, '28, in studying veterinary medicine with "Pete" Beavens, '27, at Michigan State College.

-L-

George S. Lankford, '23, is doing inspection work for the Maryland State Entomology Department.

-L-

P. D. Sanders, '25, has been sent to Cuba for six weeks by Harvard University at which institution he is doing graduate work towards his Ph.D. degree.

-L-

Kenneth Stoner, '26, who is working towards an advanced degree at the University will assist in the department of history during the winter.

-L-

"Betty" Swenk, '25, who has been associated with a Washington real estate firm for the past two years and a half, in the capacity of secretary, will take a position shortly at the Temple School for Secretaries in the same city. The address of the school is; 1420 K Street N. W.

-L-

L. Jarrol, '09, was here also during registration week to enroll his daughter in the Old Line School. That surely is the right spirit.

-L-

"McI" Young, '24, former Maryland athlete was back on the campus for a while the other day to watch the football squad go through its tricks.

-L-

"Knockey" Thomas, '28, who, it will be remembered, was some ball "toter" while at the University is now working in Washington. He, too, comes out quite often to watch the Old Line team go through its scrimmages.

-L-

JUST BETWEEN OURSELVES (Continued)

Albert F. Granger, '28, is working in the exchange department of the New York City Bank, 52 Wall Street and says that he would be mighty glad to see any Marylanders if they are ever up his way.

-L-

A. W. Greenwood, '28, is working for the Chesapeake and Potomac Telephone Company in Charlestown, West Virginia. His address is, 1430 Lee Street, Charlestown.

-L-

C. E. Paine, '19, is an attorney and counsellor of the law firm of Damrell and Paine, Columbian Building, Washington, D. C. Paine was formerly connected with the McLachlen Banking Corporation of that city.

-L-

Gerald (Snitz) Snyder, '29, who made such a name for himself last year in football will play professional football this fall in New York.

-L-

Harold Bonnet, '26, is in the tree nursery business in the state of Washington.

-L-

D'Arcy Bonnet, '28, is taking graduate work in landscape architecture at Harvard University.

-L-

"Bill" Bewley, '27, is located at Bethlehem, Pa. with the Bethlehem Steel Works.

-L-

MARRIAGES

Wilfred Everett Froelich, '25, was married on August 24th to Myrtle May Meeds, only daughter of Mr. William A. and Mrs. Winifred Mary Meeds of Hyattsville, Md. The couple will live at West Palm Beach, Florida, where Froelich is principal of the High School of that town.

-L-

BIRTHS

Announcement has just been received of the birth of a son to Mr. and Mrs. Robert McCeney this summer. "Bob", who is in the landscaping business in Washington, has been doing practically all of the new sodding of the campus for the University.

-L-

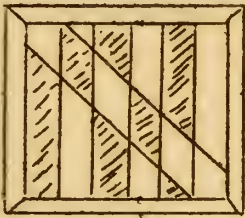

We are also pleased to announce the birth of a son to Dr. and Mrs. P. W. Zimmerman. Dr. Zimmerman, who was formerly dean of the College of Agriculture, of the University, is now on the staff of Boyce Thompson Institute, Yonkers, N. Y., where he is now living.

-L-

DEATHS

We regret to announce the death of Col. John Marshall Dent who graduated from the Maryland Agricultural College not long after the Civil War. Colonel Dent, who was the oldest living graduate of the University, was a very active and loyal alumnus. He had had a very active and varied career, from the time he entered the Confederate Army at 17 years of age. Colonel Dent was by profession a lawyer, but at one time edited a newspaper and held many responsible political positions. He is survived by his seven children.

ANOTHER HOME COMING DAY

t last it has almost arrived. The day that graduates look forward to the whole year through. HOME COMING. Who does not thrill to the very word. Well folks, as the radio announcer would say, November 2 is going to be just as interesting and enjoyable to the returning alumni and alumnae as the students and faculty of the University can make it.

A fine luncheon and business meeting will be held by the "M" Club at 12.00. This will take the place of the dinner previously held in the evening.

Then at 2.30 sharp the whistle will blow for the opening of the annual football classic between the Old Line team and that of the University of Virginia. This game is always a spirited and colorful one and a fine friendly rivalry is rapidly growing between the two institutions, much to the gratification of the students and alumni of both. Judging by the sale of tickets in Mr. Byrd's office the stadium will be crowded when the opening whistle blows.

In the evening there will be the usual dance in Ritchie Gymnasium for students and alumni.

So let's all get together and make this the finest and most successful Home Coming that the old school has ever witnessed. Don't forget - Saturday, November 2. Tickets for the game are \$2.00 each and for the dance \$2.00 a couple.

So many changes have been made at the University during the last year that it will pay every one to return early so that a tour of the campus may be made. The new library is now in the process of building and many changes have been made in the athletic field. Also a beautiful set of lights now adorn the roadways. Come and see for yourself.

FROM THE ALUMNI

ALUMNI BOARD HOLDS MEETING IN BALTIMORE OCT. 11

A very important meeting of the Alumni Board was held in Baltimore at the Medical Alumni House on the evening of Friday, October 11. The meeting was called to order at 7.45 p.m., the following members being present: H. C. Whiteford, president, C. W. Cole, vice-president, T. B. Symons, secretary-treasurer, Miss Sarah Morris, R. V. Truitt, H. R. Shoemaker, Dowell Howard, J. H. Mitchell and Dr. R. A. Pearson, president of the University.

The three most important matters brought up for discussion were the possibilities of having the "Log" gotten out in printed form, the advisability of securing an Assistant Secretary for the Alumni Association and the appointment of a committee for making arrangements for Home Coming Day, November 2.

With reference to securing an Assistant Secretary a resolution was adopted to interview President Pearson with regard to the possibility of perfecting a joint arrangement between the University and the Association in employing such a person. After a general discussion it was decided to permit the President and Secretary of the Association to decide the best practical arrangement for financing and carrying out the plan of printing the "Log".

During the meeting, President Pearson expressed his appreciation of the work of the Board and Association and reported on the progress of the various colleges of the University.

"OLD LINE" TAKES STEP FORWARD

A very lovely dinner and enjoyable program was held on the night of Oct. 14th at the Colonial Hotel, Washington, for the purpose of discussing the possibilities of combining the two alumni organizations in the City, the "Old Line Club" and the "Bowling League", both of which had been very popular with graduates of the Institution during the past year. The invitation for the dinner was extended by J. M. Burns, '11, and more than fifty persons attended.

"Bunt" Watkins, '23, in a short talk explained the purpose of the Old Line Club which was organized last year and pointed out the desirability of amalgamating the two organizations for the good of all. As a result a motion was made and passed to the effect that there would be one organization from now on to be known as the "Old Line Club". It was resolved that the group should meet again at dinner on the second Monday in November.

Dr. T. B. Symons congratulated the group on following the policies of President Whiteford in trying to organize groups of alumni in all the counties in the State as well as the District of Columbia. The following officers were elected: J. M. Burns, '11, president, R. M. Watkins, '23, vice-president, C. Brown, '19, secretary-treasurer. A committee was appointed consisting of E. F. Zalesako, '25, T. J. Vandoren, '25, C. Brown, '19, to consider questions of meeting dates, etc.

CAMPUS GLIPS

KNOW OF ANYONE WHO MIGHT BE INTERESTED?

The home service department of the Potomac Edison Company, Hagerstown, Md., is looking for two girls who are college graduates and who might be interested in going into work of a public nature. The girls must have domestic science training, be pleasing in appearance and have personality. The work will be demonstrational. Anyone interested should write Dr. T. B. Symons, of the University of Maryland Extension Service.

FINAL ENROLMENT FIGURES ESTABLISH NEW RECORD

According to Miss Irienkert, assistant registrar, the colleges of the University located at College Park now have a total of 1,347 students enrolled. The students are divided as follows: Agriculture, 145, Arts and Science, 618, Education, 127, Engineering, 272, Home Economics, 73 and graduate School, 112. There are 1,051 men and 296 women.

OPPORTUNITY OFFERED TO GO TO V.P.I GAME AT NORFOLK

For \$7.50 students and members of the Alumni Association are offered a gala week end on November 15th. A boat will carry the Old Line rooters to Norfolk, leaving at 8.00 p.m. Friday evening and arriving the next morning in time for breakfast. After the game a ball will be given in the evening which will last until one o'clock when the boat leaves for home. Arrival in Washington is scheduled for 11.30 a.m. Come on everybody and let's make the crowd to Norfolk a record one.

Drop a line to one of the following and tell them you will be on deck: Dr. Cyrus F. Hornie, 38 Park Ave., Baltimore, Md., Miss Edith M. Frothingham, U. of M., College Park, Md., or Donald Adams, 614 Penna. Ave. N. W., Washington, D. C.

HANDSOME CHURCH IS PLANNED FOR COLLEGE PARK

A prospectus has just been issued announcing plans for a handsome new church in College Park. This is the result of many years' effort. \$50,000 has been given toward this project by the Phillips Foundation of the Washington Diocese. This is contingent upon the community and interested persons elsewhere raising \$15,000. The campaign for raising this latter amount was inaugurated on October 21st.

The Church will be built of Cleveland Park stone and designed according to Twelfth Century Gothic Architecture. It will be located on very desirable lots near the entrance of the campus of the University.

As in the past this church will endeavor to serve the students of the University as well as the citizens of the community. The campaign is progressing satisfactorily and the committee will gladly receive contributions from all interested individuals.

REMEMBER WHEN<

TAKEN FROM THE MARYLAND STATE REVIEW OF SEPTEMBER 25, 1919

Maryland State College opened September 22, with an assembly at which the students were addressed by Dr. A.F. Woods, president of the College, and by Captain Marile, R.O.T.C. commandant. Approximately 400 students were enrolled at the College, including 175 freshmen.

-L-

Football practice started on September 15, in preparation for games with Yale, West Virginia University, Swarthmore College, University of Virginia, Catholic University, St. Johns and Johns Hopkins. The squad consisted of Captain Knode, Snyder, Bosley, Bailey, Molster, Myers, Hines, Barrall, Sullivan, Edel, Gilbert, Ready, Lucky, Smith, Nesbit, Into, Epply, Moore, Paganucci, Mackert, Vincent, Bucheister, Riggs, and McDonald.

-L-

Several new faculty members were present at the opening of the College, among the newcomers were: T. B. Thompson, Ph.D., from the University of South Dakota, Professor of Economics.

Miss Marie Mount, A.B. from ~~Turdue~~ Turdue University, Professor of Institutional and Home Management.

Miss E. B. McNaughton, B.S. from the Michigan Agricultural College, Professor of Home Economics Education.

Neil E. Gordon, Ph.D., from Johns Hopkins University, Professor of Physical Chemistry.

M. F. Welsh, D.V.M., from the University of Michigan, Assistant Professor of Pathology and Bacteriology.

M. M. Profit, Ph.D., from Washington University (St. Louis) Professor of Trade and Industrial Education.

H. B. McMurtray, assistant Professor of Physics.

Donald Hennick, assistant in Mechanical Engineering.

-L-

Maryland State football team defeated the University of Virginia team 10 to 0 in a very exciting game at Charlottesville. Captain Knode starred for State. Two minutes after the start of the game he recovered a fumble and scored a touchdown. Later in the game he made two field goals to complete the score.

-L-

The first Revielle dance opened the social season. The dance was an enjoyable one and was very well attended. It was held in the mess hall.

-L-

The freshmen gridders defeated the Western High School aggregation by the score of 6-0. The touchdown was made on an exceptionally long pass from Strawn to Umbarger.

MARYLAND TERRAPINS

By "Bill" Hottel

Home Coming Day, November 2nd, at which time the Old Liners will meet the Virginia Cavaliers in their annual football classic, is holding the attention of the students, alumni, faculty and all other followers of the Marylanders in general. At the present time all indications point to the largest gathering of the old "grads" in the history of the school and the "Standing Room Only" sign doubtless will be hanging out when the whistle blows to start the game at 2.30.

When this was written, Maryland's team had broken even in four games and was to play the V.M.I. team in Richmond on October 26th. While the Old Line Eleven has not measured up to last year's standard, and is not likely to, it is improving all the time and will play a lot of fine football against Virginia. In this respect it might be mentioned that there has been little fault to find with the line but lack of speed in the backfield and many injuries have retarded the Terrapins in the contests thus far. While the backfield is still a problem the situation has been helped greatly by Charles Dodson who has been shifted from end where he played for two years on the varsity. Berger, a fleet sophomore end is also being tested out as a ball totter and may come through. If this happens he and Dodson will add the essential speed which is very much needed for both offense and defense.

Maryland, unless injuries break up the present plans, doubtless will face Virginia with the same lineup which will go into the V.M.I. game as follows: J. Norris, left end, H. Lombard, left tackle, J. Krajcovic, left guard, E. Carlis, right tackle, A. Heagy, right end, W. Evans or "Shorty" Chalmers, quarter, A. Roberts and C. Dodson, halfbacks, and J. Radice, fullback. This is a senior-sophomore combination from beginning to end.

The Old Liners' 1929 freshman team promises to send up some very good gridmen to the varsity, especially two or three much needed backs. For that matter Woods and Poppelman could be used on the varsity now if it were not for the three year ruling. In their opening game the Old Line cubs beat the Washington and Lee Yearlings on the latter's field, 12 to 6, although they were considerably outweighed.

Alumni who come to College Park for Home Coming are sure to be elated with the progress made on the improvements to the athletic field. A new cinder path and tennis courts are among the improvements.

Also last, but by no means least the University now has a band that is indeed worthy of its colors and which plays at all the football games and on other occasions where music is needed.

Just Between Ourselves By "Al" Umni

Word came to use recently that John T. Clagett of the National Surety Company, New York City, has been transferred by the Company to Pittsburg where he will take charge of an office to handle the Company's legal and claim work in Western Pennsylvania, Western Maryland and West Virginia. Clagett studied law at George Washington University.

-L-

John H. Loux, '28, is now located with the Electric Furnace Company of Salem, Ohio. His address is 584 McKinley Avenue, Salem, Ohio.

-L-

H. M. Bonnett, '25, in a recent letter to the secretary of the Alumni Association, among many other things, said that he wished to be remembered to his friends and acquaintances at the University. He is at the present time assistant county agent of Spartansburg county, with headquarters at Spartansburg, South Carolina.

-L-

Lionel Newcomer, '26, wrote in the other day asking for a list of alumni living in West Virginia. "Muscles" is located in that State as an assistant county agent and is living at Moorefield.

-L-

Charles W. Butler, '27, is employed by the Union Switch and Signal Company at Swissvale, Pa., and announces that there are three other Marylanders there, namely, C. Moseman, '26, J. C. Barto, '29, and A. E. Dodd, '29. Charlie's address is 1439 Elm Street, Wilkinsburg, Pa.

-L-

M. Malcom Hickox, '27 is living in the State of California and is employed by the Electric Furnace Company of Salem, Ohio.

-L-

Harry D. Yates, '24, is living at 17 Wedgewood Walk, Merchantville, N.J.

-L-

W. T. Coburn, '05, writes us that his address is 8100 East Jefferson Avenue, Detroit, Michigan.

-L-

Paul Doerr, '28, is now connected with a bonding house in New York City but will soon be transferred to Washington, his home city. Paul, it will be remembered by his classmates and those who knew him at school, was a very busy personage indeed and gained many honors at the University.

-L-

Ellen Jane Keiser, '27, is working for Jelleff's Department Store of Washington, D. C., as fashion coordinator.

-L-

Emily Herzog, '27, is a teacher in the Washington School for Secretaries, Washington, D. C.

JUST BETWEEN OURSELVES (Continued)

Edith Burnside, '29, has recently been appointed Field Secretary of the Washington School of Secretaries, of Washington, D. C.

-L-

Robert E. Scammell, '12, is living at 2810 Bladensburg Road, Washington, D. C.

-L-

R. W. (Mike) Heller, '21, dropped us a line the other day to say that he has been enjoying the LOG very much. "Mike" says that he is with the Duquesne Light Company of Pittsburg, Pa., and has been living in that city since 1922. His address is, 435 Sixth Avenue, Pittsburg, Pa.

-L-

J. Hall Barton, '20, is residing at Centerville, Md. Address him to Box 213.

-L-

John E. Ryerson, '28, sent in his check the other day for dues and announced a change in his address from 506 Columbia Road, N. W. to 3505 Peterson Street N. W., Washington, D. C. John is employed by the Chamber of Commerce.

-L-

We were very much pleased to receive a communication from J.G. Scott, '22. Scott is Associate Marketing Specialist in charge of the Philadelphia fruit and vegetable market news office. His business address is 238 Municipal Pier 4, South Philadelphia, Pa.

-L-

A. F. Weirich, '28, is not living at 769 Grantly Street, Baltimore Md. His old address was Hyattsville, Md.

-L-

Edna Burnside, '28, has the position of Personnel Director at the Frank R. Jelleff's Department Store, Washington, D. C.

MARRIAGES

Hugh D. Reading, '26, was married to Miss Elizabeth A. Lindsey, daughter of Mr. and Mrs. Harry A. Lindsey, on the 31st of May in St. Louis, Mo.

-L-

Mr. John L. Watson announces the marriage of his daughter, Anne Bowes, to Edward J. Smith, '25, on October 2 at St. Mary's Church, Marlboro, Md.

-L-

Florence Jean Besley, '24, was married on the 27th of September to Proctor Rogers in the First Presbyterian Church of Baltimore. Rogers is working for the Gas and Electric Company of Baltimore in the capacity of engineer.

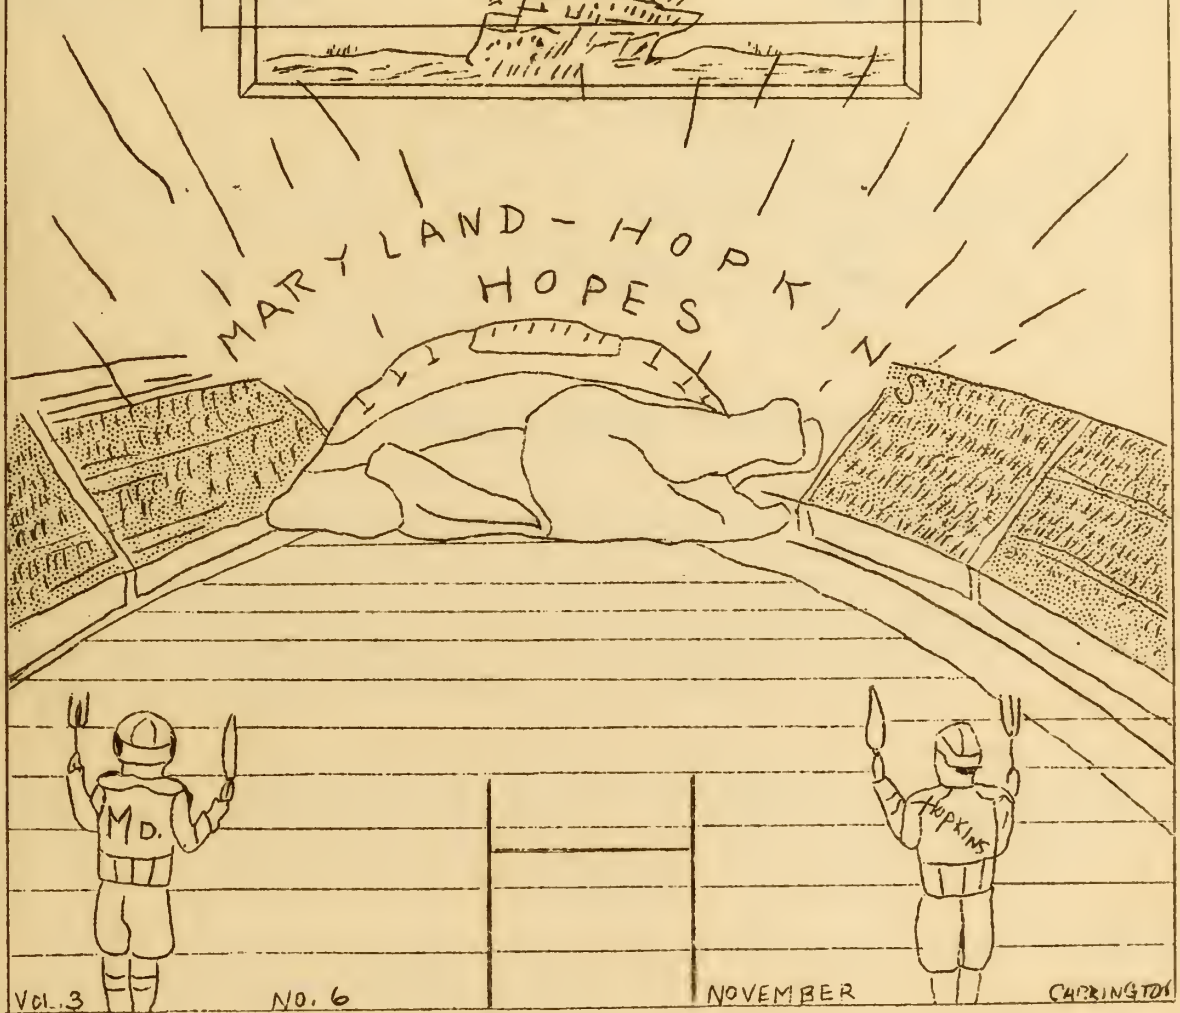

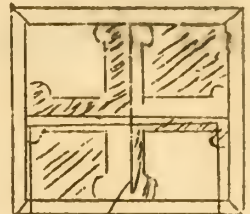

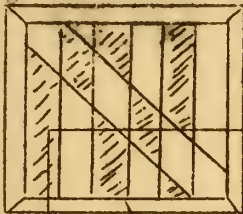

-L-

On October 12th Elmer R. (Si) Cramer, married Esther Stegmaier, of Cumberland, Md. Miss Stegmaier is the daughter of Mr. and Mrs. John E. Stagmaier.

THE NEW FEATURES IN THE LOG

Starting with the current issue of the Alumni Log two new features will be added which, we believe, will make its pages more interesting to the members of the Association. These features will include a biographical sketch each issue of an alumnus or alumna of the school and a question page which will carry the answers to any questions pertaining to the University or its many departments that may be sent to the secretary of the Alumni Association or the Editor of the Log.

It is believed by those in charge of getting out the Log that these pages will be of real human interest to its readers and we sincerely hope that the alumni will not only cooperate in sending short biographical sketches of about 500 words describing their activities since leaving their Alma Mater, but that they will also take advantage of the question page.

Letters requesting the write-up are being sent to the alumni as rapidly as possible but we hope that those not receiving them will send us sketches anyway. It will be appreciated and used.

-L-

We feel that this page would not be complete if some mention were not made of the wonderful Home Coming day, November 2nd. It just seems too bad if any alumnus missed that wonderful occasion and game. And such a game as it was. Man! You know the Old Liners made 23 first downs to Virginia's C, which shows that the tie score meant nothing except that the game was a very hardly fought one. The old team has been doing some fine playing since the V. M. I., game as was testified by the 24-0 score over V. F. I., last week.

We hope the alumni will avail themselves of the opportunity to see their team in action against Hopkins and Western Maryland.

LOGOGRAPHS

John B. Gray, '75

The subject of this brief sketch, Mr. John B. Gray of the class of '75, has the unique distinction of being one of the oldest graduates of the University of Maryland now living, having been graduated from the old Maryland Agricultural College. Exactly four individuals comprised the Senior Class of that year, of which number, according to Mr. Gray, two are dead and one, Mr. J. Byrd Hyde, is now residing in Baltimore City.

After graduation, Mr. Gray engaged in teaching in the public schools of Calvert County at Prince Frederick, Md. In this county seat and in this county Mr. Gray has served and lived as a most helpful and prominent citizen.

Prominent as Lawyer

After teaching school for a few years, Mr. Gray's inclinations led him into the profession of law. He read and studied this profession in the office of the Hon. James A. Wilson of Prince Frederick. He attributes much of his success as a lawyer to the inspiration and helpfulness of his good friend, Mr. James A. Wilson and his son J. S. Wilson, whose untimely death was a great loss to Mr. Gray.

Mr. Gray is looked upon as one of the eminent lawyers in Southern Maryland and he has been associated with various enterprises and financial institutions in that section for many years. He has been a leader in civic betterment and is an individual who typifies the true Southern Maryland spirit and hospitality. In addition he has always been a leader in politics and has ever been to the fore in movements for the improvement of his beloved County of Calvert.

He was married in 1885 and has now living three daughters and three sons, the three sons having all graduated from the University of Maryland with commendable records.

Is Prominent Alumnus

Mr. Gray has always been vitally interested in the development of his Alma Mater. The first attempt to organize an Alumni Association at the school was made by his class. Seldom has there been an annual meeting of the Association or function such as Home Coming Day, that Mr. Gray, as a loyal alumnus, has not been on hand lending his helpfulness and spirit of enthusiasm to the support of the Institution and Association. He and his three sons constitute a link in the alumni activities that can always be depended upon and never fails to respond to the call for assistance and cooperation.

Mr. Gray's life is an open book of service and loyalty to his county, State and Country. He is a man among men and an alumnus of which the Institution may very well be proud. May he live long and continue to inspire those who may follow in his footsteps.

FINIS

Editor's Notation:- This is the first of a series of biographical sketches to appear in the Log from now on. We sincerely hope that they will meet with the approval of the alumni and that they in turn will help by sending other write-ups for publication in an early issue of the Log.

The Question Box

Question:-

What is the present standing of the University of Maryland academically with relation to the rest of the Colleges of the country?

Answer:-

The University, according to the registrar, has shown a constant improvement and is now a recognized member of the following Associations: Association of State Universities, Association of Colleges and Preparatory Schools of the Middle States and Maryland, American Council on Education, Association of Land Grant Colleges, Association of American Colleges and Experiment Stations, Association of American Medical Colleges, Dental Faculties Association of American Universities, Association of American Colleges and is accredited by the Association of American Universities. The latter is a much coveted group and only three institutions in this State have been recognized by it, Goucher, Johns Hopkins and Maryland. Likewise only three schools in the District of Columbia have been approved, Catholic University, Trinity and Georgetown.

-L-

Question:-

How many women students are there at the University?

Answer:-

There are at the present time nearly three hundred coeds at the Old Line School, to be exact, 296. The first time that Maryland opened its doors to the "fair sex" was in 1916 when two young women enrolled. The next year there were six, in 1918 there were 15, the following year 24 and in 1920 the enrolment doubled. The next year there were 81 women students and the next twelve months saw their number pass the hundred mark. In 1923 there were 129 and in the next two years the number went over two hundred. Year before last found 256 coeds, last year there were 277 and this year 296.

-L-

MANY MEETINGS HAVE BEEN SCHEDULED

On December 4th there will be a meeting of Washington alumni at the Mayflower Hotel in honor of Dr. W. W. Skinner, '98 of the board of Regents in recognition of his twenty-five years of service.

November 26th there will be a meeting of the Philadelphia Alumni Chapter at which R. M. Watkins, '23 from the University will be one of the speakers for the occasion.

The Old Line Club had a regular meeting on November 11th at which minor business was transacted and the big smoker the first Tuesday in January was decided upon.

-L-

CAMPUS

CLIPS

QUITE A FEW TRANSFERS AT UNIVERSITY

Among the large number of transfer students on the rolls of the University of Maryland this year, George Washington University, a sister institution located in Washington, has contributed six, the largest number from any one school. The City College of New York, Johns Hopkins University, and New York University rank second with four transfers each. Two are recorded from each of the following schools: Ohio State, Hood College, Washington Missionary College and Juanita College.

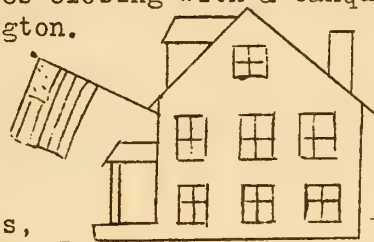

Some of the most outstanding Institutions in the country, such as Indiana University, Texas State College, Butler University, William and Mary, North Carolina, Penn State and the University of New Hampshire, claim one transfer each. In addition there are twenty-one students who have attended a different College previous to enrolling at the University of Maryland.

-L-

ANOTHER CAMPUS SORORITY GOES NATIONAL

On November 15, 16 and 17 Kappa Xi sorority was formally inducted as the Alpha Rho Chapter of Kappa Delta National Sorority. Fifty-seven girls, the entire active chapter and twenty-seven alumnae including Miss Alma Proinkert and Dr. Susan Harman were initiated, the festivities closing with a banquet on Saturday night at the Mayflower Hotel in Washington.

Kappa Delta was founded at Virginia State Normal School at Farmville, Va., in 1897 and since then has grown to the present size of sixty-five chapters and ranks as the fourth largest National Pan Hellenic Sorority. There is a total membership of 7,500 and the Sorority has chapters in 34 States, the nearest one to the University of Maryland being the one at George Washington University in Washington, D. C. There is no other Chapter in this State. It is interesting to note that the Sorority was founded by the granddaughter of President Tyler.

-L-

OLD LINE CLUB TO HAVE SMOKER IN JANUARY

It is announced by Washington alumni that the Old Line Club is planning to hold a smoker in January and a committee is now being formed to interview every alumnus in and around the Capitol City. Eddie Ruppert who is in charge of the entertainment Committee promises plenty of high-class talent and says he has a big surprise for everybody. So hold the first Tuesday in January open and watch for further announcements in the Log and Diamondback.

-L-

Athletic Activities

By "Bill" Hottel

When this was written, Maryland's football team had two more games to play, Hopkins on Thanksgiving Day and Western Maryland on Dec. 7, both games to be played in the Baltimore Stadium. However, regardless of what may happen in these two games the Old Line players and coaches have shown their worth.

Hampered by early season injuries and the necessity of developing several backs and linemen, the team was naturally a little slow to get going. It has played wonderful football in the last four games however, losing to the strong V.M.I. team by 6-7, tying Virginia and Yale each at 13-all and beating the powerful V.P.I. eleven 24-0. Maryland outplayed both Virginia and V.M.I., earned its tie with Yale strictly on its own merits and simply smothered V.P.I.

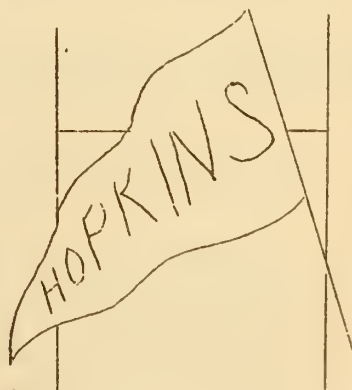

Maryland is a heavy favorite to down Hopkins, but has a tough assignment in the Western Maryland tilt in which it is the pre-game "underdog". Western Maryland has a clean slate and includes among its victims the powerful Georgetown eleven. It has a husky and versatile, as well as experienced, group of players. However, Curly Byrd and his capable aid, Charlie Fenwick, will have their charges well primed for the contest on December 7th, and the task is by no means a hopeless one. Maryland's team has been strictly a Senior-Sophomore combination and has been starting the game as follows: Pease, left end; Lombard, left tackle; Heintz, left guard; Madigan, center; Krajcovic, right guard; Carliss, right tackle; Heagy, right end; Evans, quarter; Miller, left half; Chalmers, right half; and Radice, fullback.

The Old Line frosh team, coached by Jack Faber, closed its season, unbeaten having played the V. M. I., cubs to a scoreless tie and beaten the Virginia, North Carolina, and Western Maryland yearlings. Five or six excellent prospects and several very good possibilities will go up to the 1930 varsity next fall.

Basket Ball Coming Along.

Burton Shipley's varsity basket ball team with only five of the seventeen men, who will make up his fine squad, available until after the football season is over will open its season on December 13th when William and Mary College of Virginia will be met, the only game before the Christmas holidays.

This game of course, because of the lack of players, will be hard sledding for the Old Liners but Shipley should have a great team the rest of the season and the Terrapins should chalk up more than their share of victories if pre-season dope means anything.

-L-

Just Between Ourselves By "Al" Ammi

Home Coming was truly a red letter day this year and many alumni were back familiarizing themselves with old faces and old scenes. A few of those whom we saw at the game and on the campus were: "Tom" Mackall '08; Claude Turner, '08; "Buck" Wathen, '05; "Ed" Filbert, '23; C. W. Cole, '21; "Gus" Hines, '21; E. Walrath, '25; "Johnny" Groves, '24; Gordon Kessler, '29; "Mike" Stevens, '27; "Eddie" Himan, '16; Estelle Nickolls, '29; "Fred" Linton, '29; Peggy Wolf, '25; "Dizzy" Aldrich, '25; Hanson Mitchell, '98; "Chief" Tydings, '10; George F. Pollock, '23; O. C. Coster, '12; Glenn Clark, '24; Anne Wolfe, '25; "Liz" Duvall, '25; "Minnie" Hill, '25; Sarah Morris, '25; George Hough; George Lucky, '24; J. Himelham, '26; Charles Footer, '26; James Brown, '19; "Buck" Berlin, '19; Dr. S. S. Buckley, '93; Daniel Fahey, '28; "Ed" Burroughs, '24; Ralph Chase, '24; D. Etienne, '20; "Bill" Weber, '25; "Ed" Juska, '25; Paul Doerr, '28; "Knocky" Thomas, '28; Gelston McNeil, '29; and Edith and Edna Burnside, '28 and '29, respectively.

WHY NOT COLLEGE PARK?

Elsewhere in this issue of the Log will be found an announcement of two substantial endowments to the medical department of the University in Baltimore. May we all rejoice that generous benefactors have seen fit to endow chairs in this division of our Alma Mater. Should it, however, not emphasize the need for our alumni to become more interested in securing endowments for other divisions of the Institution, particularly at College Park?

No greater memorial could be established by a citizen than to endow our Institution in some appropriate manner at College Park. This endowment could take the form of a memorial building, equipment of laboratories or the establishment of chairs for the pursuance of certain research or educational work. Moreover, there is a great opportunity for rendering untold service in the agricultural field through the Extension Service.

One of the greatest ambitions of the writer has been to secure endowments for our Institution. I believe it can be done. It is only a question of time. Cannot each alumnus make it his business to think of this matter and either establish an endowment himself or lead others who are able to do so?

Here lies an abundant and fruitful field of opportunity for the Alumnus who is interested in the future development of the University. Therefore let each and every one of us see what we can do individually along this line in the coming year of 1930.

-L-

Letters are rapidly being sent to the alumni asking for autobiographies of about 400 words. Please help us to make the Log more interesting to your fellow alumni by sending in the articles as promptly as possible. Thanks.

-L-

LOGOGRAPHS

Melvin C. Hazen, '88.

Melvin C. Hazen graduated with a class of more than ordinary importance at the old Maryland Agricultural College, for, not only was this the first class to be graduated by the Institution for some years but 1888 seems to have been a turning point in the vigor and success of the School. There was a graduating class every year from that time on, and, according to record, the School began to show an improvement academically and in enrollment.

Active While at College

Mr. Hazen was very active while at College and since graduation has always taken a deep interest in his Alma Mater. This year he was on hand to cheer the Old Line team in its efforts against Virginia.

It was during Mr. Hazen's four years at the Maryland Agricultural College that our baseball team won the State Championship, defeating the Naval Academy in one of the most thrilling games that has ever been played by a team from this School. Mr. Hazen was Captain of the team that year and played third base. "Sam" Chambliss and Albert Tolson, also of the class of 1888, composed the battery.

Military Unit Good

Members of today's R. O. T. C. Unit may think, and rightly so, that they have a good organization, but it must not be forgotten that at one time the School was entirely under military discipline and boasted one of the finest Corps of Cadets in this section of the country.

In 1887 a cadet company from the College participated in a national drill in Washington in which companies and military organizations from all parts of the United States took part. To make a long story short the company from M. A. C. with the following officers, J. B. Weems, captain, M. C. Hazen, first lieutenant and A. C. Tolson, second lieutenant, won second prize of \$750. To use Mr. Hazen's own words "you can imagine what happened following that win. I have always regretted that there was not some trophy at the University to commemorate the event".

Appointed to Engineering Department

After graduating with the B. S. degree, Mr. Hazen taught school in his native State of Virginia for a number of years. However, about thirty years ago he received an appointment in the Engineering Department of the District of Columbia and eventually rose to the position that he has held for the past twenty years, Supervisor of the District of Columbia. During this time Mr. Hazen has been very closely connected with the civic and business life of his City.

Has Old Virginia Homestead

However, like all real Virginians Mr. Hazen is true to his native State and especially to his old family homestead in Prince William County, where he has maintained a breeding farm for a number of years. He says that his one ambition now is to so shape things that some day he can retire to his old home and there spend the remaining days of his life in the peace and happiness that such surroundings offer.

The Question Box

Question-----

How many Presidents has the University of Maryland had and who were they?

Answer-----

The University of Maryland prior to 1920 was two institutions, the schools in Baltimore, which are the oldest of the University, and those in College Park, which were the old Maryland Agricultural College, founded in 1856. Since 1859 there have been 18 Presidents of the Maryland Agricultural College which became a part of the University in 1920. These Presidents have averaged almost four years each although actually their terms ranged from one year to twenty. They rank as follows:-----

| | | |
|--------------------------------------|-------------------------------------|-----------|
| 1. Prof. B. Hallowell | President of the faculty | 1859-1860 |
| 2. Rev. J. W. Scott | " " " " | 1860-1860 |
| 3. Prof. Colby | " " " " | 1860-1861 |
| 4. Prof. H. Onderdonk | " " " " | 1861-1864 |
| 5. Prof. N. B. Worthington | " " " " | 1864-1867 |
| 6. Prof. C. L. C. Minor | President of the College | 1867-1868 |
| 7. Admiral Franklin Buchanan | " " " " | 1868-1869 |
| 8. Prof. Samuel Register | " " " " | 1869-1873 |
| 9. Gen. Sam Jones | " " " " | 1873-1875 |
| 10. Captain W. H. Parker | " " " " | 1875-1883 |
| 11. Gen. Augustus Smith | " " " " | 1883-1887 |
| 12. Allen Dodge, Esq., Pro. Tem. | " " " " | 1887-1888 |
| 13. Major Henry E. Alvord | " " " " | 1888-1892 |
| 14. R. W. Silvester, LL.D | " " " " | 1892-1912 |
| 15. T. H. Spence (acting President)" | " " " " | 1912-1913 |
| 16. H. J. Patterson | Pres. of M. A. C. & Md. State | 1913-1917 |
| 17. Albert F. Woods | Pres. of Md. State & U. of M. | 1917-1926 |
| 18. R. A. Pearson | Pres. of the University of Maryland | 1926----- |

NEW YORK ALUMNI ATTEND YALE-MARYLAND FOOTBALL GAME

Word has just been received from Frederick B. Rakeman, secretary-treasurer of the New York Alumni Chapter that that body attended the football game between Maryland and Yale and got a great "kick" out of the fine playing of the Old Liners. On Wednesday prior to the game a meeting was held at which twelve members were present. Rakeman says that a fine spirit prevails among the grads in the New York section and that they hope to be even more active in 1930. He sends greetings for the holiday season to all other members of the Association from the Manhattan Chapter.

THE LOG WISHES YOU A MERRY XMAS AND HAPPY 1930

CAMPUS CLIPS

\$250,000 IN REQUESTS MADE TO UNIVERSITY OF MARYLAND

Under the provisions of two wills, filed recently, the University was named beneficiary to the extent of \$250,000. The will of Mrs. Lillie H. Coit, of San Francisco specifies that the University shall receive one-third of the residue of an estate of \$650,000, or \$150,000.

The money, which is given in honor of her father, an alumnus of the School of medicine, is to be used by the Medical College of the University.

In addition, in the will of Dr. John F. B. Weaver, of Manchester, Md., the University is named beneficiary of approximately \$100,000 from an estate of \$180,000. The money was left with the stipulation that it be used for the establishment of some fellowship, professorship, or research fund.

-L-

TAU BETA PI ESTABLISHED ON CAMPUS NOV. 21

Phi Mu, local honorary engineering fraternity, was formally inducted on November 21st as the Maryland Beta Chapter of Tau Beta Pi, the national honorary engineering fraternity.

Twenty alumni, five actives, and three faculty members were initiated. The fraternity was founded at Lehigh University in 1885 and now numbers 58 chapters. It ranks as the highest honorary engineering fraternity in the country. Those taken in were: Dean A. N. Johnson, Prof. S. S. Steinberg, Prof. M. Creese, M. J. Baldwin, '23, J. H. Harlow, '23, J. P. Shaefer, '23, L. G. Simmons, '23, W. Shofnow, '24, H. R. Aldridge, '25, C. C. Castella, '25, B. R. King, '25, A. G. Frangley, '25, E. F. DeAtley, '26, W. F. Kellerman, '26, S. Lebowitz, '26, E. E. McKeige, '26, W. A. Street, '27, L. P. Baird, '28, W. A. Dynes, '28, R. L. Evans, '29, J. M. Leach, '29, R. C. Van Allen, '29, C. R. Dodson, '30, H. H. Hine, '30, C. S. James, '30, G. T. Phipps, '30, and J. N. Wallace, '30, C. V. Koons, '29.

-L-

MARYLAND ALUMNI BOWLING LEAGUE GOING STRONG

For the benefit of those who may not know, the following men were elected officers and team captains of the Maryland Alumni Bowling League in Washington this fall: James M. Burns, '11, president; G. A. Tew, '28, vice-president; J. C. Morris, '12, secretary-treasurer; H. C. Coster, '19, official scorer. Team Captains; Old Liners, D. H. Adams, '28; Rossbours, R. V. Haig, '21; Diamondbacks, I. E. Wheaton, '25; Cabs House, A. Wardwell, '24; Buzzards Roost, E. J. Merrick, '12; Climax Club, C. Brown, '22; Black Straps, H. O. Coster, '19; and Terrapins, J. C. Norris, '12.

In the February issue of the Log we will endeavor to give you the standings of these teams as we understand that they are "cleaning up" everything in the Capitol City.

-L-

THE LOG WISHES YOU A MERRY XMAS AND HAPPY NEW YEAR

Athletic Activities

By "Bill" Hottel

With a successful Football season ended the Old Line athletes now turn to basket ball in which the outlook is as bright as any season in the past, if not brighter.

Although the Maryland gridders won only four games, lost as many and tied two, considering the development that was necessary before a balanced and formidable team could be put on the field, 1929 ranks among the best seasons in the history of the school. Fine coaching by Curley Byrd and Charlie Fenwick and excellent spirit and harmony in the squad were the telling factors. The high spots of the season, of course, were the 13-13 tie with Yale and the 39-6 defeat of Johns Hopkins. Eight players will be lost by graduation.

Coach Burton Shipley was able to prepare only five of his basketball players for the opening game with William and Mary on December 13, the only game before the Christmas holidays. The rest of the players were unable to don court suits because of the late closing of the football season. However, when he gets his full "gang" on the floor after the holidays he will have a clever aggregation and one that is hard to beat. Shipley has at his command the following players: "Bill" Evans, captain and forward, George Madigan forward or center; Fred Hetzel, center; "Julie" Radice, and "Al" Heagy, guards. These are all letter men. Then in addition he will have: Robert Gaylor and Morris Cohan, forwards; Warren Rabbitt and John Pitzer, guards; George Chalmers and "Pat" Roomey, forwards; Edward Ronkin, forward or guard; Louis Berger, "Al" Pease, and Jack Norris, centers; and Charlie May, guard. All of these last named except Rabbitt, Cohan, Pitzer and Gaylor are of last year's sensational freshman team.

Hetzel, Ronkin, Cohan, Gaylor and Rabbitt are the five men to compose the team against William and Mary which will be played after this article is published. All of the others except Heagy, Pease, and Norris will be on the sidelines at the initial game although unable to play because of insufficient time for practice. The basket ball schedule for this winter reads as follows: December 13 - William and Mary.

January 9 - Duke; 11 - Catholic U.; 14 - Virginia U. away; 18 - Hopkins; 22 - Navy, away; 25 - V. P. I.

February 1 - N. C. State; 4 - W & L; 6 - Western Maryland; 8 - North Carolina; 11 - V. P. I. away; 12 - V. M. I., away; 13 - W & L, away; Virginia U., 18 - N. C. State, away; 19 - North Carolina, away; 20 - Duke, away; 22 - Hopkins, away (2:30); 22 - V. M. I. (8:30); 25 - St. Johns.

A last minute report shows that Heagy and Radice will play in the All Southern Conference charity football game to be played in Atlanta on January 9th. They will be on a team the players of which have been selected from the schools in the northern section of the Conference and will oppose a selected eleven from the southern institutions. Proceeds of the game will go to the crippled children of the South.

Just Between Ourselves Big

"Al" Umri

 r. T. B. Symons, '02, Dr. F. B. Bomberger, '94, Henry Shoemaker, '17, J. Homer Remsburg, '18, Geary Eppley, '20, attended the annual convention of the Maryland State Grange in Westminster, the early part of December. Dr. Symons and Dr. Bomberger each delivered talks during the meetings. President R. A. Pearson also made an address.

-L-

J. E. Miller, (M.S. '28,) was recently appointed county agent for Cecil County. Prior to that time, in fact, ever since his graduation from Maryland, Miller was assistant county agent for Kent County.

-L-

William (Hap) Carroll, '18, has been made assistant county agent for Baltimore County and is located at Towson, Md.

-L-

"Zeke" Bailey, '23, who has been located at Quantico, Va., left the early part of the month for Haiti with a contingent of Marines ordered there to assist in quelling the uprising. Bailey is a first lieutenant.

-L-

"Pete" Schrider, '25, who it will be remembered was an outstanding pitcher on the University baseball team while at College Park was also ordered to Haiti. "Pete", who is an aviator, left in one of two amphibian airplanes that were ordered South.

-L-

Parks Shipley, '27, who is with the National City Bank in New York City was down to see us the other day.

-L-

John M. Mackall, '05, is Vice-President of the St. Paul Garage Company of Baltimore, Md. It is understood that this Concern is planning to construct a large garage on the northwest corner of Saratoga and St. Paul Streets which will have accommodations for one thousand cars.

-L-

Alice Philips, '29, is assistant to the principal of the Huntingtown, Md. High School and is teaching English, Mathematics and General Science.

-L-

John Hough, '25, who is located on the U. S. warship Florida, coached the ship's football team this fall and won the scouting fleet championship. John has received a two year detail at the Portsmouth Navy Yard.

-L-

"Eddie" Semler, '22, coached the Hagerstown High School football team which won the C. V. A. L. championship this fall.

-L-

Glenn Clark, '23, recently visited the University.

-L-

JUST BETWEEN OURSELVES' (continued)

"Jack" Faber, '27, who is one of the coaches at the University, recently attended the annual meeting of the United States Lacrosse Association, which was held in New York City. "Jack" has been putting out some mighty fine lacrosse teams the last couple of years.

-L-

"Charlie" Pugh, '28, and Leroy Mackert, '21, recently flew down to the University from Mitchell Field, N. Y. where Pugh is located in the army flying corps.

-L-

Frances Berger (nee Francis Freeney), '28, will be in Washington for sometime after Christmas as her husband, Joe Berger, '25, who is in the Marines, will be required to be away for a little time.

-L-

H. C. "Curley" Byrd, '28, assistant to the President of the University, recently attended the annual meeting of coaches of the Southern Conference Colleges and Universities, held at Baton Rouge, La.

-L-

MARRIAGES

Howard I. Moss was married recently to Margaret Elizabeth Lee, daughter of Mr. and Mrs. Virgil Jackson Lee of Baltimore. The ceremony took place in St. Michael and All Angels Church, Baltimore.

-L-

Mrs. Betty K. Dyche recently announced the marriage of her daughter, Lenore Estelle, to Mr. James Bradley, '16, in Baltimore, Md.

-L-

Mr. Charles Rogers Fenwick who is a graduate of the University of Virginia and is now assistant football coach at the University of Maryland was married on December 10th to Eleanor Russell Eastman, daughter of Mr. and Mrs. Frank Hall Eastman of Falls Church, Va.

-L-

Mena Edmonds, '28, was married at the Kappa Kappa Gamma Sorority House on December 6th to Joseph Harrold Bafford, '28, Mena is the daughter of Mrs. Ruby Hoskine Edmonds.

-L-

BIRTHS

Mr. and Mrs. H. H. Shaffer announce the birth of twins, Harry Jr. and Mary Sue, on October 12. Shaffer is a graduate of the class of 1923.

-L-

A daughter was recently born to Mr. and Mrs. Edward Pugh in Nicaragua, where "Ed" has been stationed for some time with the U. S. Marines. He is a graduate of the class of '25.

-L-

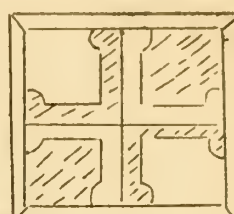

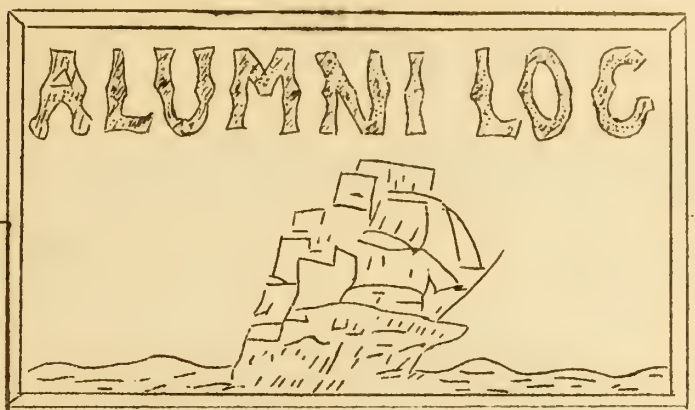

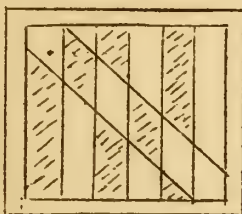

Mr. and Mrs. Gordon Kessler announce the birth of a son, Gordon Edson, recently. Gordon graduated in 1929.

-L-

Mr. and Mrs. Herbert Dewey Gilbert announce the arrival of a daughter Joanne Kay Gilbert on November 25th. Gilbert is of the class of '22.

THE COUNTY ALUMNI GROUPS

For the first time in a number of years there will be no annual banquet of Maryland alumni. Instead, alumni groups will be formed in the 23 counties in the State. These groups can then hold their dinners and meetings as they find convenient.

That the county organization is popular is easily seen from the fact that for the past three or four years alumni in certain counties in the State have been holding dinners, stag parties, etc. For example within the next six weeks dinners have been planned by Washington, Cumberland and Philadelphia alumni and, if they are as well attended as were those of last year, they will be a real success.

It was decided, therefore, at the last meeting of the Executive Board, to establish local groups in all the counties. In each county a certain individual has volunteered to organize this group. This shows a real spirit of service and it is hoped that all alumni will respond to the call. Such units can be of immense value both to the association and to the Institution.

The county leaders are: Allegany, J. Somerville, Cumberland; Anne Arundel B. Watkins Jr., Davidsonville; Baltimore, C. W. Cole, Towson; Calvert, R. V. Truitt, College Park; Carroll, Mrs. Vera M. Walrath, Westminster; Caroline, C. L. Jarrell, Greensboro; Cecil, Miss Priscilla Hancock, Elkton; Charles, Rev. J. F. Showell, Hughesville; Dorchester, C. Crippler, Harlock; Frederick, J. H. Rensberg, Middletown; Garrett, A. C. Stanton, Grantsville; Harford, E. M. Carroll, Bel Air, Howard; J. W. Magruder, Ellicott City; Kent, F. B. Hines, Chestertown; Montgomery, D. Howard, Winchester, Va.; Prince George's, Miss Sarah Morris, Hyattsville, Queen Anne's, C. Reynolds, Centerville; St. Mary's, G. H. Hamilton, Leonardtown; Somerset, M. Adams, Princess Anne; Talbot, E. P. Walls, Easton, Washington, Miss Hazel Watson, Hancock; Wicomico, F. H. Dryden, Salisbury; Worcester, Dr. A. S. Parker, Pocomoke City.

Lets go alumni! Let's complete our organization one hundred per cent in 1930.

LOGOGRAPHS

F. W. Besley, '92, State Forester

Mr. Besley was born in Vienna, Virginia, February 16, 1872. After attending the public schools of Fairfax County he matriculated at the Maryland Agricultural College. He graduated from this Institution in 1892 with the degree of Bachelor of Arts and for the next seven years taught in the schools of his home county in Virginia. In 1900, however, Mr. Besley had the first opportunity to go into the profession he has followed for the last thirty years, when he was offered a position with the Bureau of Forestry of the U. S. Department of Agriculture. The work was then assuming nation-wide prominence and Mr. Besley had some very interesting experiences in New York, Michigan, Kentucky, Colorado, and Texas. He found, however, that a technical education was necessary for success and so, to further himself in his chosen career, he entered the Yale Forest School at New Haven. Mr. Besley graduated from Yale in 1904 with the degree of Master of Forestry.

He then reentered the Forestry service as Assistant and was assigned forest nursery and planting operations in Nebraska, the nursery at Halsey being the largest in the United States at that time. In the spring of 1905 he was assigned to organize and supervise planting operations in the Pikes Peak area of Colorado. It was during this work that Mr. Besley accepted the position of State Forester of Maryland.

"It came as a great surprise, however, as I had no previous knowledge that such a position was open or that I was being considered for it. I was engaged at the time with a crew of 20 men, planting trees in a devastated area known as Clementine Gulch in the Cripple Creek region of Colorado, ten miles from a railroad, when a horseman brought the telegram signed by Dr. W. Bullock Clarke and Gifford Pinchot. I tried to think of General Putnam, or was it somebody else, of Revolutionary fame, who in response to his country's call, left his plow in the field. He did some heroic stunt anyway.

"But any such ideas were soon dissipated, because I found in coming to Maryland a month later that no Revolution was going on and that the people of the State in general did not care a rap about a State forester, and it took years to develop the work to a point where it received any substantial recognition.

"One of the pleasures in coming back to Maryland was that the position of State Forester carried with it a lectureship at my Alma Mater, so that I was able to re-establish contact under very pleasing circumstances. It is true that at the time I graduated, in '92, there was a general re-organization of the Institution, in which practically all of the officers and faculty from the president down resigned and a new faculty was brought in. It did not take long, however, to feel at home and in the succeeding years, it has been most gratifying to see the progress that has been made from the old Maryland Agricultural College, with its enrollment of 175 students, as I knew it, to the University plant we have today, taking care of 1,200 or more students.

The only college buildings, when I first saw the Institution, were the brick barracks, a small wooden building used as a gymnasium, and a small brick building for the chemistry department. The barracks burned down many

(continued on page four)

The Question Box

Question-----

What per cent of each class of each college and of the student body are members of fraternities and sororities?

Answer-----

| | Fraternity Men | | | Fraternity Women | |
|---------------------------------------------------|----------------|--------------------------|--|------------------|----------------------------|
| | Number | Per cent of men students | | Number | Per cent of women students |
| Total student fraternity membership in University | 511 | 51% | | 141 | 51% |
| Fraternity freshmen | 168 | 48% | | 44 | 52% |
| Fraternity sophomores | 142 | 59% | | 36 | 53% |
| Fraternity juniors | 118 | 64% | | 32 | 58% |
| Fraternity seniors | 83 | 62% | | 28 | 58% |
| Agricultural College | 82 | 60% | | 3 | 75% |
| Engineering College | 132 | 77% | | 1 | 190% |
| Home Economics College | 4 | | | 31 | 61% |
| Special Students | | | | 1 | 7% |

These figures were prepared by the Registrar, May 1929.

TWO ALUMNI BANQUETS ARE TO BE HELD SOON

The Old Line Club of Washington plans to hold a stag dinner of Washington alumni on January 24th at the Lee House, 15th and L Streets, N. W. The price per person will be \$1.50 and tickets may be secured from Chauncy Brown, Denrike Building, Washington, or Dr. L. B. Broughton, College Park. The entertainment will be good and the dinner will start at 8:00 p. m.

The alumni of Cumberland and vicinity will have a banquet at the Fort Cumberland Hotel, Cumberland, Md., on the evening of February 1st at 7:30 p. m. The price is \$4.00 per plate and women members of the alumni are welcome. Many fine speakers are listed for the occasion.

(continued from page two)

years ago, the old gymnasium has long since disappeared, and the brick chemistry building has been converted into a laundry,—such scarilege! — but in their places have risen fine, up-to-date commodious buildings in keeping with the progress of the Institution in fulfilling a real mission in the educational system of the State.

"Not only has the Institution grown, but the products of the Institution, well-trained men in various fields of science and the arts, have done their part in helping to build a better State. In my frequent travels over the State, I am constantly meeting Maryland men and they are making good. With a son and a daughter counted among the graduates of Maryland and now a grandson headed Maryland-ward, it makes me feel like one of the old grads, indeed. Kirk says that Bobby, though less than two years old, knows all the Maryland yells, and in addition, others not suitable to print in a cheerbook."

Mr. Besley fails to add, very modestly, that he has the record of longest continuous service of any State Forester in the United States, having served Maryland in that capacity nearly 24 years. During that period the Forestry Department, under Mr. Besley's leadership, starting from a small beginning in 1906, has advanced steadily, keeping abreast of the most progressive States. Mr. Besley is the author of many reports and bulletins on forestry subjects and in 1914 the honorary degree of Doctor of Science was conferred upon him by the University of Maryland in recognition of his research and public service in advancing forestry in the State.

He is a lecturer on forestry at the University and is a Senior member of the Society of American Foresters. He is also a director of the American Forestry Association, President of the Yale Forest School Alumni Association and President of the Association of State Foresters.

Athletic Activities

By "Bill" Hottel

Coach Burton Shipley has a nifty varsity basket ball team this season, one that should make a fine record. When this was written, the Old Liners had dropped only one game to Duke, one of the finest teams in the South, 28 to 27. It was labeled the greatest struggle staged in this section in many years and two days later Duke defeated the Navy team at Annapolis, 47 to 29.

Shipley's team is a mixture of veterans and sophomores, his leading players being: Captain "Bill" Evans, George Chalmers and "Ed" Ronkin, forwards; Louis Berger, forward or center; "Fred" Hetzel and "Jack" Norris, centers, and "Julie" Radice, "Al" Heagy, "Bob" Gaylor and "Charlie" May, guards. Evans, Radice, Heagy and Hetzel are seniors, Gaylor is a junior and the others are sophomores.

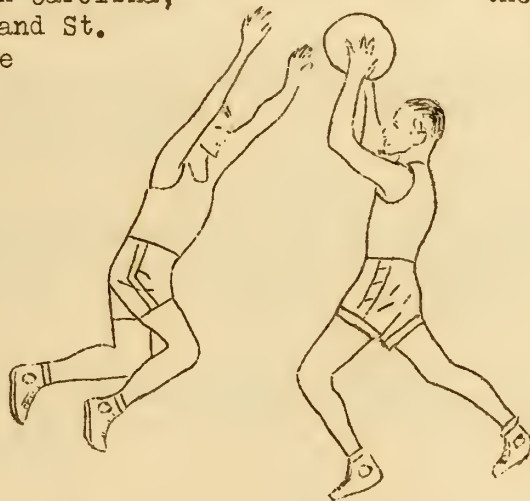

Home games in February are: Washington and Lee, the 3rd; Western Maryland, the 6th; North Carolina, the 8th; Virginia, the 15th; V. M. I., the 22nd and St. Johns, the 25th. Johns Hopkins will also be played at Carlins Park, Baltimore on the 22nd of February despite the fact that V. M. I. will be met that night at College Park.

Maryland has boxing and wrestling planning to take on an inter-William director big clubs will handle Tuesdays and while "Tom" of ability, will

Mondays, Wednesdays and Saturdays. Whipp was the army boxing director during the war and coached the A. E. F. championship team. Clayton who was graduated from Maryland last year learned the wrestling game as a Y. M. C. A. representative and recently figured in some professional bouts.

Maryland had three players on the 1929 all-State eleven, "Al" Heagy, end; Jess Krajcovic, guard; "Bill" Evans, quarterback, and "Julie" Radice, fullback.

Radice played on the northern team that defeated the southern eleven in the All-Southern Conference charity game at Atlanta on New Years day. Heagy also was invited to play but could not make the trip.

THE UNIVERSITY OF CHICAGO

THE UNIVERSITY OF CHICAGO
DIVISION OF THE PHYSICAL SCIENCES
DEPARTMENT OF CHEMISTRY

TO THE HONORABLE SENATE OF THE UNIVERSITY OF CHICAGO
FOR THE PURPOSE OF RECOMMENDING TO THE SENATE
THE APPOINTMENT OF DR. J. H. VAN VAN NEST
TO THE POSITION OF ASSISTANT PROFESSOR OF CHEMISTRY
AND TO THE POSITION OF ASSISTANT PROFESSOR OF PHYSICS

DR. J. H. VAN VAN NEST is a native of Chicago, Illinois, and was educated in the public schools of Chicago. He received his Bachelor of Science degree from the University of Chicago in 1914, and his Master of Science degree in 1915. He then spent two years in the laboratory of Dr. J. H. Van Vleet, and in 1917 received his Ph.D. degree from the University of Chicago. He has since that time been employed as an Assistant Professor of Chemistry and Physics in the University of Chicago.

DR. J. H. VAN VAN NEST has published a number of papers in the field of physical chemistry, and has been active in the work of the University of Chicago. He is a member of the American Chemical Society, the American Physical Society, and the University of Chicago.

It is recommended that the Senate of the University of Chicago appoint Dr. J. H. Van Van Nest to the position of Assistant Professor of Chemistry and Physics.

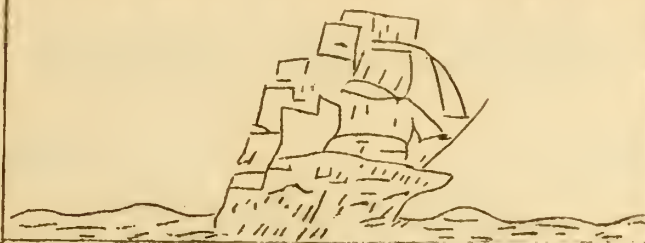

DR. J. H. VAN VAN NEST is a native of Chicago, Illinois, and was educated in the public schools of Chicago. He received his Bachelor of Science degree from the University of Chicago in 1914, and his Master of Science degree in 1915. He then spent two years in the laboratory of Dr. J. H. Van Vleet, and in 1917 received his Ph.D. degree from the University of Chicago. He has since that time been employed as an Assistant Professor of Chemistry and Physics in the University of Chicago.

DR. J. H. VAN VAN NEST has published a number of papers in the field of physical chemistry, and has been active in the work of the University of Chicago. He is a member of the American Chemical Society, the American Physical Society, and the University of Chicago.

Very respectfully,
J. H. VAN VAN NEST

DR. J. H. VAN VAN NEST is a native of Chicago, Illinois, and was educated in the public schools of Chicago. ALUMNI DAY

Although it is hard indeed to realize it, the fact remains that another graduation day will soon be here and it is time for us, as alumni, to be thinking how we can help to make the occasion a success for graduates, parents, faculty and alumni.

Each year efforts have been made to improve the annual week in June and alumni and students have worked diligently towards this end. Last year, for the first time, an outside speaker was secured to address the graduating class at the annual luncheon held in the University Dining Hall. The speaker, Mr. Daniel Grant of North Carolina University, proved a very interesting and wide awake young man who had a message for all present. The topic of his address dealt with education after graduation, a subject closely allied with alumni work. Mr. Grant was well qualified to speak on such a subject as he has had wide experience in alumni work in his State.

The University of Maryland Alumni Association is extremely desirous of having an equally interesting program for this June and the committee in charge is very anxious to learn how the alumni feel with regard to last year's Alumni Day.

It would, therefore, be deeply appreciated by members of the committee if alumni would write to them, giving any reactions they may have to the program put on in 1929. Any suggestions as to how the day may be improved will be more than welcome. Here is a chance for alumni to be very helpful, not only to the Association, but also to their Alma Mater.

Let's get together and make Alumni Day for 1930 the best and biggest ever!

Send in your suggestions to either the editor of the Log or the secretary both of whom are located at the University.

-Log-

DON'T FORGET THE APRIL MEETING OF THE ALUMNI BOARD

Dr. T. B. Symons, Secy-Treas. of the Alumni Association announces that the annual spring meeting of the Alumni Board will be held on April 11 (Friday) in Baltimore. He urges everyone who is a member to keep this date open. The place for meeting will be announced at an early date.

- LOGOGRAPHS -

H. E. Collins, '99

Engineer, Conservation Department of Maryland

"A recent issue of the Log contained a reference to my inquiry as to what had become of the various members of the class of '99, and it is my earnest wish that the inquiry will entice some of our modest heroes to tell us something about themselves".

"Symons did not tell you about it but I accused him of suppressing the news of our activities because we were the means of making his first days at college not any too pleasant. You know Symons was then almost as big physically as he is now, but his mental set up was all wrong. In conjunction with the class of 1900, we felt it our duty to give him the right kind of a start, and it looks as though we made a good job of it".

"It has been nearly thirty years since I have seen any of the boys of my class. I often wonder if Whitehill still has those beautiful curls, if Galt is still bumming the makings of a cigarette, if McCandlish's nose and chin ever met and if Eyster is still singing those dreamy love songs".

"Why not start a series of letter writing, some of you fellows, and let us see how much your 'ego' has increased since Captain Silvester handed you your sheepskin?"

"Practically all the prophecy concerning myself came to pass. I not only joined the local band--I joined four. I did not become mayor of the home town for I saw that his opportunities were sorely limited. I accepted the post of Treasurer. During the thirty years since graduation I have been employed by town, county, State and nation".

"For the past five years I have been holding down the job of Engineer of the Conservation Department of Maryland. This Department is attempting to save for posterity the remnants of our once boundless aquatic resources. That we are not having plain sailing you have possibly learned by reading the daily press. However, we still have hope, and that is the greatest thing on earth. Three years ago crabs became so scarce that it was not difficult to get the cooperation of those interested in the industry, and in this way the blue crab has been saved. They were more plentiful during the past summer than for a long period of time".

"Oysters, which have been the political football of both parties since I can remember are fast approaching the stage where we can begin to do something. That is, they have reached a very low mark in the scale of production. Under the very able leadership of Dr. Swenson Earle, Conservation Commissioner, assisted by Dr. Reginald V. Truitt, this branch of the seafood industry is receiving intelligent thought. Our last legislature appropriated a sufficient amount to establish a marine laboratory, the influence of which should be felt in the very near future".

"And finally, and in conclusion, as the old darty preacher used to say, if there is anyone interested in conservation of anything, come in to see us at 616 Munsey Building, Baltimore, Md.".

????????????????????????????????????????????????????????????
 ? THE QUESTION BOX ?
 ?????????????????????????????????????????????????????????????

Question —

What percent of the students in the College Park Schools of the University live at home, in the dormitories, in boarding houses and in the fraternity houses?

Answer —

According to the registrar of the University there were approximately 1,365 students enrolled at the College Park Schools of the University up to November 1, 1929. In other words, this was the enrollment for the school year 1929-1930.

Of this number about 475 students or 35 per cent live at home, 325 or 23 per cent live in fraternity houses, 388 or 29 per cent live in the College dormitories and 170 or 13 per cent live in boarding houses in the towns adjacent to the University and College Park.

— Log —

Question —

Please give a description of the new church that is being erected in College Park.

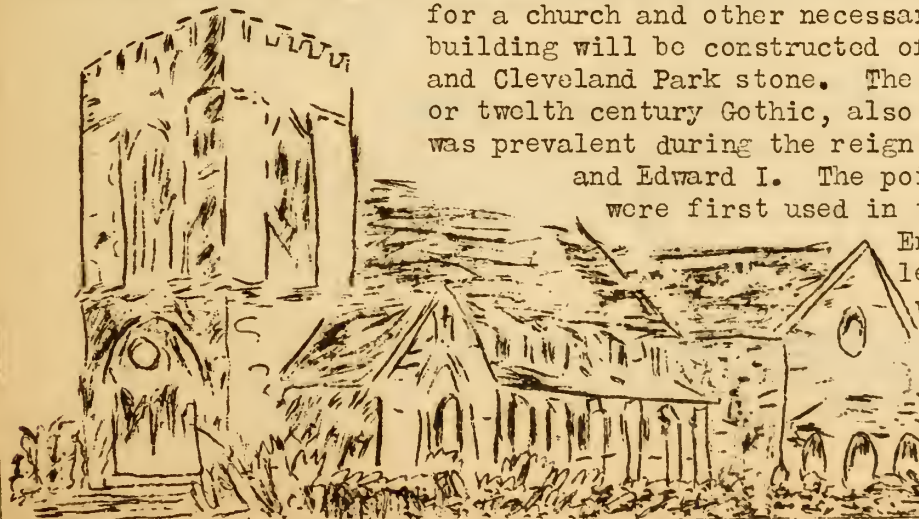

Answer —

The new church, construction on which was begun the first of February, will cost, when completed, approximately \$75,000 and will be one of the handsomest structures of its kind in this section. The cornerstone laying ceremonies took place February 24.

The new church will take the place of St. Andrew's Chapel, the only church in College Park and will have a seating capacity of over 400. It is the first unit of a proposed group of buildings to be in keeping with the proposed growth of the University and is being erected by the diocese of Washington of the Protestant Episcopal Church. The student rector of St. Andrews is the Reverend Ronalds Taylor.

Six years ago ten lots on College Ave., within easy access to the University campus, were purchased by the Phillips Foundation at the request of Bishop Alfred Harding. These lots represent the best location in College Park for a church and other necessary buildings. The building will be constructed of Port Deposit granite and Cleveland Park stone. The design is early English or twelfth century Gothic, also known as lancet, and was prevalent during the reign of Richard I, Henry III and Edward I. The pointed or lancet windows were first used in this style.

The early English, while massive is less so than the Norman which preceded it. This style depends for effect upon pleasing proportions, well-defined outlines, and simplicity in ornament.

CAMPUS CLIPS

MARYLAND ON LIST OF AMERICAN ASSOCIATION OF UNIVERSITY

WOMEN

Women graduates of the University will be glad to learn that Maryland has been put on the associate list of the American Association of University Women. This great and long-looked-for honor means the result of five years of earnest work and endeavor. It means that the women graduates of this School are now eligible for membership in the University Clubs all over the country.

Among the aims of the American Association of University Women are the maintenance of high standards of education and the furtherance of the interests of women in education. These objectives consist of insistence on academic requirements and on the requisite tools of advanced scholarship, such as trained faculty and the indispensable material equipment, and also emphasis on proper provisions for the special needs of women students and due recognition of women on the faculty. Accrediting of the University of Maryland by the Association means a real achievement of which all of our alumnae can be proud.

ASSOCIATION PRESIDENT ADDRESSES HARFORD ALUMNI

Eighteen members of the Harford county alumni attended the annual banquet in Bel Air, February 8th. Pres. Whiteford was the speaker.

Athletic Activities

By "Bill" Hottel

It will not be long now before the various athletic fields on the Maryland campus will be alive with activity. Probably the first of these groups will be the spring football squad, but those that will follow closely will be the lacrosse, baseball and track squads. Jack Faber intends to have his stickmen toiling before the month of February ends and the baseballers and trackmen will be wiffing the outdoor ozone in the near future. Curley Byrd will have the gridders report just as soon as ground and weather conditions permit, which should be pretty soon now.

Coach Burton Shipley's basketball team was traveling along at good speed when this was written, having won ten of fourteen games and losing three of its tilts by a total of seven points. The Old Liners will make a bid for Southern Conference honors in the tourney which will begin in Atlanta on February 28. Of the 23 basketball teams in the Conference 16 will be eligible to have teams represent them at Atlanta, Maryland being one of them.

Spring football practice, which will be held at the Terrapin stronghold this year for the first time will be a serious proposition, although Curley Byrd does not plan to rob the lacrosse, baseball and track teams of men upon whom they rely, in spite of the fact that there are a number of good gridders in each of these pastimes.

Jack Faber has only half of last year's letter men back for lacrosse, being particularly shy on attack material. With this situation he will have plenty of problems to solve in turning out a winning lacrosse twelve, it is feared.

Burton Shipley will be better fixed than usual for diamond material as he has quite an array of veterans left and will get some fine talent from 1929 freshman nine.

Geary Eppley is coming along well with his track squad. His relay team, while it did not do so well

in the Millrose races in New York, it did come through beautifully at the

Meadow Brook games in Philadelphia, winning first place.

Bob Quinn, running in the fastest company in the country won medals for second and third places in the sprints.

Just Between Ourselves By 'al'umni

Dr. F. B. Bomberger, '94, assistant director of the University of Maryland Extension Service and Chief of the Maryland State Department of Markets, has been appointed assistant chief of the Division of Cooperative Marketing in charge of organization work for one year it was recently announced by the Federal Farm Board. Dr. Bomberger will retain his official title and connection with the University, however.

The appointment of Dr. Bomberger is the result of a cooperative arrangement between the Farm Board and the University of Maryland whereby the former will have the use of his services to direct its organization work, on a part-time basis, without relinquishment by him of his official direction of the marketing work of the University of Maryland Extension Service.

-Log-

J. F. Sullivan was a recent visitor to the campus. In addition to donating a fine sum of money for the purchase each year of a sweater for the Senior Cheer leader he also requested that the Log and a bill for dues be sent to him at once. (Alumni please note the latter).

-Log-

Charles Pugh, '28, and William Masil, '09, were interested spectators at the recent Millrose races in which Maryland took a part. It will be recalled that "Charlie" was no mean "stepper" himself when he attended the University although his forte was the "dash".

-Log-

P. D. Lewis is located with the Smoot Sand and Gravel Company of Washington, D. C. Lewis suffered a rather serious accident but it is understood that he is very much better at the present time.

While at his Alma Mater he was one of the best tackles the football team ever boasted and although Lewis' weight was only 158 he outclassed many fellows weighing 180.

ALUMNI ASSOCIATION

No. 10

Vol. 3

A lumni are asked to give their cooperation to the Board by helping to prepare a good program for Alumni and Class Day this June. Many important problems confront the committee in charge and members of the Board and they are very desirous of knowing the consensus of opinion of members of the Association so that this "Day Off in June", may be the best ever. These suggestions should be sent to either the President, Secretary or editor of the Log before April 11, the date of the Board meeting in Baltimore.

Some of the problems that present themselves and which the President wishes to have settled by the time of the meeting in April are: The best program for Class Day; of necessity this should be dealt with first, since the arrangements must be made very soon. Do the alumni want a speaker this year, such as they had last year and if so, on what subject would they like the speaker to address them?

Another question before the Association is whether or not to do away with the present Alumni dues and establish a "Loyalty Fund", such as is being used at a number of institutions at the present time. Do the alumni of the University feel that this would be a better way to finance the Association? Also, there is the question of the Log which must be settled in the near future. Plans are being pushed to have the Log put out in printed form at an early date, but what the Association would like to know is, would the alumni want the name of the publication changed, and, if so, what suggestions would they like to make? Also, what type of written material do they want in it?

Last, but by no means least; our President and Secretary are tremendously interested in knowing how the County Groups have been progressing, and it is suggested that each group send a report of progress to the Secretary prior to the Board Meeting.

Don't forget the 1930-31 dues should be in not later than June 1.

LOGOGRAPHS

Reverend Edward D. Johnson, '92, St. Anne's
Rectory, Annapolis, Maryland.

"
Pride, rather than actual participation in the affairs of the University, may seem to characterize some of us older graduates. We do rejoice in the splendid buildings, grounds and in the fine community setting; but it requires the use of the imagination to see a connection between these things and those that existed during our college course nearly forty years ago. There was complete upheaval when we graduated! The difference between the old and the new is the sign of activity of an awakened State. It is all new to us---faculty, buildings, courses; and we are glad for it all.

Helped Survey College Park

"It is a pleasure to me to recall that I 'carried the chain' for the surveyor who transformed the fields at 'College' into streets and lots of 'College Park' in the summer of 1889.

"Of course, the Maryland Agricultural College did not specialize in studies preparatory to the Theological Seminary, so it was necessary to spend two years at Columbian University, filling in the gap.

"Yet, I have always been glad for the earlier emphasis laid upon the various courses in natural sciences, and believe that they did me far more good than exclusive devotion to classical studies would have done."

Masters Degree at Columbian

"Later on I took a third year at Columbian, receiving the degree of Master of Arts.

"My theological studies were pursued in the Philadelphia Divinity School, and in the General Theological Seminary in New York from which I graduated. Then came a sort of 'clinical year' in Washington, with direction in advanced studies and parish work.

"The thirty-one years of my ministry have been spent in Washington, Pennsylvania, Maine and Maryland. For thirteen years I have been Rector of St. Anne's Church of Annapolis. It is a great old parish and a great old city."

Honored by St. John's College

"During my residence in Annapolis, a sister Institution---St. John's College---favored me with the degree of Doctor of Divinity.

"Also, during this period, I have had the good fortune to get in touch with Besley, Calvert, Chew, Childs, Gambrill and Ray--- all of them products of the class of 1892. It is singular that so many of us live within a few miles of the University. All of these men 'carry their years' well, and are mindful of the ties we have in common."

? THE QUESTION BOX ?
????????????????????????????????????????

Question----

From what States, foreign countries and counties do the students at the College Park Schools of the University come and what is the latest total enrollment?

Answer-----

According to the latest statistics, compiled by the registrar of the University, there are 1,403 students enrolled at the College Park Schools from the following States and counties: California 2, Colorado 2, Connecticut 9, Delaware 6, District of Columbia 329, Florida 2, Illinois 4, Indiana 3, Iowa 2, Kansas 1, Maryland 879, Massachusetts 7, Michigan 1, Mississippi 2, Missouri 3, Montana 1, New Hampshire 1, New Jersey 46, New York 28, North Carolina 1, Ohio 4, Oklahoma 1, Pennsylvania 29, Rhode Island 1, South Carolina 2, South Dakota 2, Texas 1, Utah 2, Virginia 22, Washington 2, West Virginia 4, Porto Rico 1, China 1, Equador 1, Peru 1 and Brazil 1.

The 23 counties of the State are represented as follows: Allegany 54, Anne Arundel 14, Calvert 10, Baltimore City 156, Baltimore County 52, Caroline 7, Carroll 11, Cecil 17, Charles 13, Dorchester 11, Frederick 83, Garrett 15, Harford 25, Howard 12, Kent 7, Montgomery 105, Prince George's 220, Queen Anne's 7, Somerset 11, St. Mary's 2, Talbot 9, Washington 33, Wicomico 18, Worcester 17.

Of the 1,403 students registered, 879 are from Maryland, 329 from the District of Columbia and 195 are non-resident.

NEW COLLEGE PARK CHURCH PROGRESSING NICELY

The new Episcopal Church for College Park was started on February 1. Work has been progressing rapidly and the walls are now half-way up. The stone work is very beautiful.

Corner stone laying ceremonies were held on the 24th of February with Bishop Freeman presiding and a number of other prominent clergymen in attendance. The ceremonies were exceedingly impressive.

-L-

UNIVERSITY YEAR BOOK WINS HIGH RECOGNITION

The 1929 edition of the Revëlle was the best ever published by the students of the University, judging from the report recently received from the National Scholastic Press Association with headquarters at the University of Minnesota. The Association, which is the only one of its kind in this country and which has as judges not only members of the faculty but also outstanding journalists of the United States, awarded the Maryland publication "First Class Honors". While this is not the highest rating given by the organization, it is the highest ever given to an Old Line annual.

-L-

CAMPUS

CLIPS

NEW MARYLAND SONG BEING USED

ll Hail Maryland " , a school song with an original, swinging tune and lively words is now being sung and played upon the campus. The new song was written by Samuel Fishkin, who is well known about the University for his music proclivities. He is leader of the College jazz band and was saxophone soloist for the Glee Club last year. The song bids fair to become quite popular.

-L-

MARYLAND COED WINS CHAMPIONSHIP HONORS

lice Orton, a member of the Girls' Rifle Team of the University, is the winner for this season of the Women's Individual Intercollegiate Championship, an honor that has been won for the last three years by a member of a Maryland team. Maryland can really claim the leading shot for four years. In 1927 Mildred Hislop topped all scores for that year with an average of 99.75 per cent of a perfect record in firing 28 matches. This mark, according to the National Rifle Association of America, was the best made for the country that year and while no official match was fired by the Association; the contests for the championship having been started in 1928, the University actually had the highest scorer for 1927, also. Margaret Mitchell Carruthers won the championship honors for Maryland in 1928 and 1929.

Incidentally, it is an interesting fact that Miss Hislop's score was earned in a much harder manner than have been those made since. In order to arrive at the 99.75 per cent, her score was figured from all of the 28 matches she fired in, whereas at the present time, it is only necessary to fire in the Association match to select the winner. This gives Miss Hislop a record, therefore, that has never been equaled by any other team member since she established it in 1927.

-L-

UNIVERSITY LAW SCHOOL IS NOW CLASSED WITH THE BEST

he American Bar Association has just adopted a resolution rating the University of Maryland Law School as a class "A" institution, a rating the school has been seeking for many years. This means that the Law School is recognized as one of the best in the country and on a par with the older and more famous institutions teaching that profession.

-L-

OLD LINE CLUB MEETS ON MARCH 27 IN WASHINGTON

very fine meeting of the Old Line Club was held on the evening of March 27 at Stonleigh Court, Connecticut Avenue and L Street. President R. A. Pearson, "Curley" Byrd and U. S. Senator Millard Tydings spoke. "Tom" Mills, new athletic director of Georgetown University, was the honorary guest.

-L-

Athletic Activities

By "Bill" Hottel

Maryland should have a successful season in the three big spring sports; baseball, lacrosse and track.

With a mixture of veterans and capable recruits from the 1929 freshman nine, coach Burton Shipley has the best outlook in baseball that he has had in a number of years. He appears to have everything that goes to make up a good ball team.

Varsity lacrosse, hard hit by graduation last June, appeared to be a tremendous problem when coaches Ivan Marty and "Jack" Faber first got their aspirants on the field and, while there is yet much to be developed, the Old Liners should be formidable enough to make the Hopkins and Navy teams sit up and take notice when these aggregations are met at the fag end of the season. Some of the recruits from the freshman team are showing up unusually well.

Coach Geary Eppley had quite a rough time of it with his track team last spring, although Hopkins was one of the Old Liners' victims. This year, however, he hopes to have a much better and more balanced team.

However, all three teams have difficult schedules, to say the least, and they will have to be formidable to make good records.

Spring sports competition will get under way April 5 when a varsity triple-header will be staged; Cornell being met in baseball, Washington and Lee in track and Randolph-Macon in lacrosse.

Another high spot of the season will be April 26 when West Point teams will appear at College Park in baseball and lacrosse.

Maryland's annual field day will be held on May 3 and, in addition to the South Atlantic championship scholastic meet, varsity teams will oppose St. John's in lacrosse, Virginia in track and Catholic University in baseball.

Seventy-eight contests have been arranged for spring sports, 52 of which are varsity and 26 freshman. Fifty-four of these are at College Park.

While the various teams are preparing to play schedules, "Curley" Byrd is sending between 25 and 30 gridders through a daily session in an effort to meet football rivals next fall on an even basis. It is the first time that Maryland has ever had serious spring practice but it was found necessary to keep up with the parade. The Old Liners should, therefore, be much better prepared for their early October games than they were in 1929.

The lacrosse schedule for this spring is as follows: April 5, Randolph-Macon at home; 12, Western Maryland at home; 18, Virginia at home; 19, Georgia at home; 26, Army at home; May 3, St. John's at home; 10, Pennsylvania at Philadelphia; 17, Washington College at home; 24, Johns Hopkins in Baltimore; and, May 31, Navy at Annapolis.

Just Between Ourselves By 'al' Emni'

Roger Whiteford, '28, and Henry (Gump) Mathews of the same class were interested spectators at the recent Catholic University Meet in which Maryland captured most of the honors. Both Roger and Henry are working for the Western Electric Company in Baltimore.

-L-

Robert (Bob) Hill, '26, is teaching in the history department of Syracuse University, Syracuse, N. Y. He secured the position on the staff of the New York School after receiving his Master's degree from Yale University.

-L-

John Gray, '14, Edward Brown, '14, Dr. Ernest Cory, '09 and James Shoemate, attended a meeting of the Board of the "M" Club at College Park on February 25. Supper was had at the College Inn. Mr. Gray is President of the organization, Dr. Cory is Secretary and Mr. Shoemate is Treasurer.

-L-

Edward Losey, '28, recently visited the campus and renewed many old acquaintances.

-L-

It is understood that Reese Sewall, '28, who was working for the Washington Telephone Company, is now studying for an advanced degree at George Washington University. He is at the same time working on the staff of publications at that Institution.

-L-

Another recent visitor to the campus was John Wilson, '25. It will be recalled by those who knew John that he returned to his Alma Mater for his Master of Science degree in 1926.

-L-

Mrs. Sterling Newell (nee Esther Williams, '24) was back at the University recently with her small daughter. While here, she spoke to the College Park members of the American Association of University Women on social conditions in Washington. Mrs. Newell is in social service work in that city.

-L-

Paul Doerr, '28, is quite a frequent visitor at his Alma Mater and needless to say, we are more than glad to see him as often as we can. This holds true for everyone and we hope that in the future they will try to outdo Paul in making these visits. Paul is working for an investment house in Washington.

-L-

Stanley Jenkins, '28, is teaching and coaching at the Hyattsville, Md. High School. "Stan" lives in College Park and commutes in a brand new Ford.

-L-

ALUMNI ASSOCIATION

No. 11

Vol. 3

THE NEW LOG

Much gratification is felt by officers and members of the Alumni Board, and it is felt that it will be the reaction of the entire membership of the Alumni Association, in the fact that the alumni publication will be put out in printed form from now on.

Through the cooperation of the President of the University and other authorities, arrangements have been definitely completed and it is planned to have the new Log appear June 1st.

For practical purposes, in connection with post office rules, the publication will be authorized by the University of Maryland, but will continue to contain news notes and items of interest concerning alumni throughout the country. It is also hoped to include developments at the Institution, athletic contests and news concerning many interesting events and happenings at the Institution. Members of the Association will be especially invited to contribute articles and to give expression to any views that they may have concerning the work of the University or the Association.

With present finances, it is going to be necessary to be modest in the size of publication issued, but it is felt that this will be a splendid start toward the ultimate development of a fine, dignified, news-carrier of the work of the Institution and the Alumni organization.

-Log-

ALUMNI DAY

Alumni are urged to not forget that, according to the Dix System, certain of the classes are scheduled to be present this year on Alumni Day, the 9th of June. All graduates are, of course, more than welcome but these twelve classes are expected to be present. The classes are; '78, '79, '80, '81, '97, '98, '99, '00, '16, '17, '18 and '19. Of course, the graduating class of 1930 will be on hand.

So let's go alumni! Renew old friendships and associations.

—LOGOGRAPHS—

Daniel Cox Fahey, Jr., '28, Landscape and Golf Course Architect

Daniel Cox Fahey, '28, one of the younger and more recent graduates of the University, is living up to the fine standard that he set for himself while in College and is rapidly becoming an important and outstanding alumnus. He is, at the present time, following the work that he studied at Maryland and has an office at 1435 K Street, N. W. with the "shingle" stating that he is "Landscape and Golf Architect General Maintenance".

"Dan", who was very prominent as an athlete and journalist while at his Alma Mater, as well as being a leader in his class and fraternity, received his B. S. degree from the University in 1928 and his M. S. the following year. He specialized in landscape architecture.

After graduating with his B. S. degree in 1928, Dan opened an office at the above address and was therefore able to practice his profession while he studied for an advanced degree.

As a citizen and business man, Fahey is coming right along. He is connected with the Green Section of the United States Golf Association, is Advising Architect to Shannon and Luchs, of Washington, and is City Planner to the town of Hyattsville, not far from the University and Fahey's place of residence. In the last named capacity, he has been busy during the past year designing a very complete town park and recreation center that will be a real asset when completed. Dan is also a member of the Chamber of Commerce of his home town. He is at the present time designing a golf course at Annapolis and has been appointed to the Maryland National Capital Park and Planning Commission to work with them on a project for Prince George's County.

Fahey keeps in close touch with his Alma Mater and is ever ready to help in any way possible.

?????????????????????????????????????
? THE QUESTION BOX ?
??
?????????????????????????????????????

Question----

What is the enrollment of the University of Maryland Summer School and when was the first one held?

Answer-----

The first summer school was held by the University in 1914. Thirty-eight students attended that year. Schools have been held every year since then with the exception of the summer of 1918. Last year the summer school showed an enrollment of 721 students. For the period that the University has had a summer school the enrollment has been as follows:
1914 - 38, 1915 - 138, 1916 - 138, 1917 - 142, 1918 -----, 1919 - 201, 1920 - 208, 1921 - 380, 1922 - 446, 1923 - 452, 1924 - 486, 1925 - 454, 1926 - 477, 1927 - 572, 1928 - 626, 1929 - 721. If past figures mean anything, the enrollment for the summer of 1930 should be in excess of 800 students and two more years might, very reasonably, see it pass the 1,000 mark.

The first of the series of experiments was conducted on the 23rd of February, 1900. The object of the experiment was to determine the effect of the temperature of the water on the rate of the reaction. The results of the experiment are given in the following table:

The results of the experiment show that the rate of the reaction increases with the temperature of the water. This is in accordance with the general law that the rate of a chemical reaction increases with the temperature.

The following table gives the results of the experiment for the reaction of the acid with the alkali. The results show that the rate of the reaction increases with the temperature of the water.

The results of the experiment show that the rate of the reaction increases with the temperature of the water. This is in accordance with the general law that the rate of a chemical reaction increases with the temperature.

Athletic Activities

By "Bill" Hottel

May 3 will be one of the biggest days in athletic history at the University of Maryland. It will be the occasion of the annual Field Day and there will be a program of events that will last the entire afternoon.

Featuring the occasion will be the inter-scholastic track and field meet, the thirteenth of such affairs to be held at the Old Line School. Thirteen open contests and five closed ones for county high schools of this State are listed,

The complete program, offering a fine variety of competition, is as follows: 1:30 p. m. Inter-scholastic Meet and dual meet between Virginia and Maryland, to be run off concurrently.

2:00 p. m. Baseball, Catholic University vs. Maryland University.

4:00 p. m. Lacrosse, St. Johns of Annapolis vs. Maryland University.

In addition, leading school-boy athletes from many States will compete in the open scholastic events and the best that the county high schools of the State afford are expected to strive for laurels in the class limited to them.

* * * * *

Maryland's athletic facilities have been greatly augmented since the scholastic meet was held two years ago, the lapse in 1929 having been due to the work in improving Byrd Stadium and Field and in the building of a new cinder track, now doubtless the best in the South. A new baseball diamond, with stands seating in excess of 1,500, will be in use, it having been dedicated in a game with Army on April 26.

All of Maryland's teams have been performing in fine style this spring and every one of the contests on May 3 should be highly interesting. In the lacrosse clash the old liners will be seeking revenge on St. Johns for a reversal suffered last spring and, incidentally, it will take a mighty good combination to conquer Jack Faber's Terrapin twelve.

* * * * *

Burton Shipley's ball team has shown enough thus far to make it a real contender for honors in the upper half of the Southern Conference and Geary Eppley's track combination is a much better balanced one than he had last year. However, the track men will meet one of the strongest foes in the South in the Virginia Cavaliers. Leading events for Maryland teams after May 3 at College Park, unless otherwise specified, are:

Lacrosse: May 10 Pennsylvania at Philadelphia; 17 Washington College at home; 24 Johns Hopkins in Baltimore; and Navy at Annapolis on May 31.

Baseball: May 14 V. M. I.; 17 Catholic University at Washington; 18 Washington College at home; 21 Navy at Annapolis; and 28 Pennsylvania at Philadelphia.

Track: May 10 William and Mary at home; 14 Johns Hopkins at home and 24 Navy at Annapolis.

MARRIAGES

Alberta Orton, '27, and John Moran, '22, were married on Easter morning in Takoma Park, D. C. The bridegroom was given a bachelor's dinner the Thursday before at the Bamrock Borne Country Club.

-Log-

On Wednesday evening at half past six a quiet wedding ceremony was held at St. John's Lutheran Church, when Rev. Dr. J. E. Harms united Miss Thelma Geraldine Arthur and H. Edwin Semler, Jr., in matrimony. The bridal couple were attended by Miss Lena Ramsey and Edwin F. Darner, the only other witnesses were Mrs. Joseph Reynolds and Mrs. Charles Staumbaugh.

Mrs. Semler is the daughter of Mr. and Mrs. Charles B. Arthur. Mr. Semler, a graduate of the University in the class of 1922, is now the physical director and coach of boys' athletic teams at the Hagerstown High School. The couple will be at home at the Surrey Apartments after April 20.

DEATHS

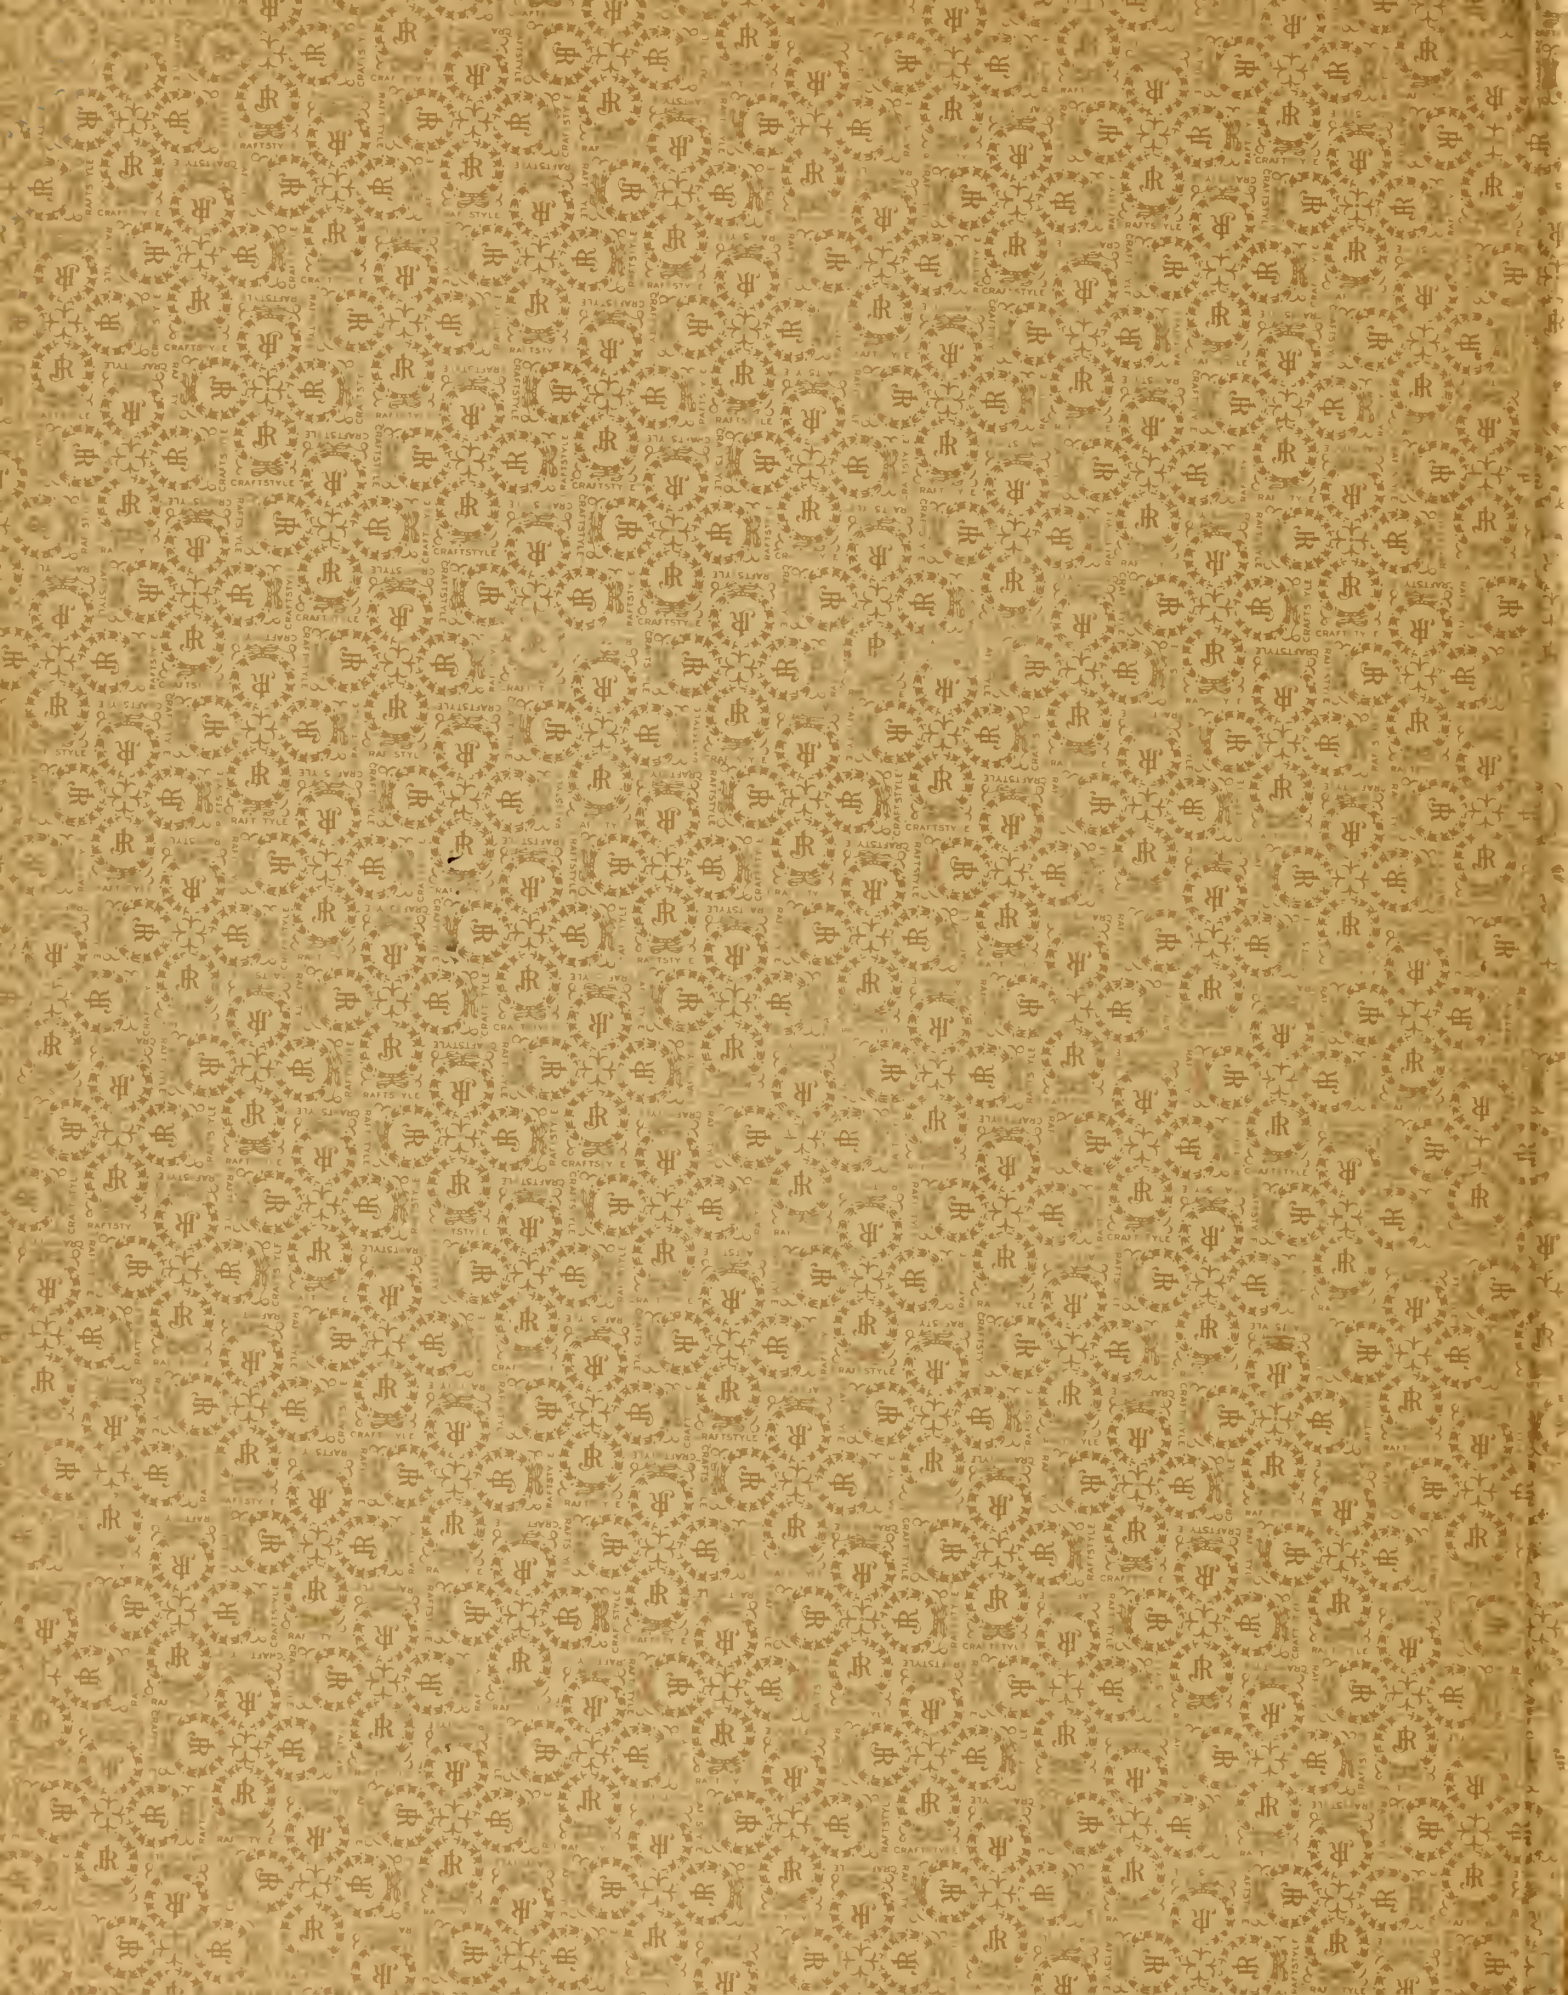

Fred Linkous, '28, one of the finest and most popular students and athletes who ever attended the University, died at the University of Maryland Hospital, Baltimore, March 27, after an illness of two weeks, which began with an abscessed tooth. Septic poison followed, making recovery impossible.

Funeral services, which were held in Pylesville, were attended by many students, alumni and faculty members of the University.

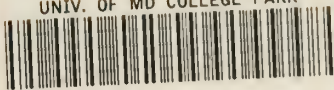

Linkous was connected with the Severn School for Boys. He is survived by his parents, Mr. and Mrs. R. L. Linkous, six brothers and two sisters.
